## ***From the Desk of the President ....***

Dear Honourable members,

It's my privilege to reach you through this newsletter. First of all, let me thank all the executive Committee members of Tamil Nadu Orthopedic association, zonal club members, seniors and all the members of for all the academic activities and the Bone and Joint Day activities.

Congratulations and thanks to Dr Anand and the whole team of organizers of Dindigul Ortho club for the wonderful Prof. TKS Midyear CME, it was more like a conference.

Bone and Joint day activities were well organised throughout by our member by all clubs. Thanks to all the organizers.

As planned by TNOA, BRACE course was conducted in various zones. Myself and secretary attended the BRACE course conducted at Madurai, Thirunelveli, Salem and Chennai. All the sessions including the one at Thanjavur and Chennai were well organised and hope it was definitely useful to the junior consultants and postgraduates. Hearty congratulations and sincere thanks to the organizers and the faculty members for making BRACE course a grand success.

We also attended the well organized programs under the auspices of TNOA. Salem Arthroplasty course,

IOA spine workshop at SriRamachandra institute of medical sciences, Chennai. EC meeting was conducted at MGM Resorts, Chennai on 11th September. The arrangements are going on for a grand TNOACON23 by Dr Tholkappian and the team. Best wishes. I welcome you all to participate in large numbers.

We were fortunate to attend two national conferences conducted at Coimbatore. IASCON 22 by Dr. SR Sundararajan and the team, IAACON22 by Dr. Rajkumar and the team. Both were very well organised with good academic content and live surgeries by national and international faculties. Congrats to the organizers.

Once again, I thank all the members of Tamil Nadu orthopedic association for the co-operation throughout.

Best wishes.

Thank you

LONG LIVE TNOA

**Dr M Vanasekar**

## From the Desk of the Secretary....

அன்பிற்கினிய TNOA அங்கத்தினருக்கு என்  
பணிவான வணக்கங்கள், உளமார்ந்த வாழ்த்துகள்.

இந்த இரண்டாம் செய்தி மடல் மூலம் உங்களை  
சந்திப்பதில் பெருமகிழ்வடைகிறேன். சூலை மாதம்

# JOJS INDEXING EDITOR REPORT

PROF. S. MAKESH RAM

To apply for DOAJ in Dec 2022 but as per new policy of DOAJ

Dear Sir,

Greetings of the day!

We are in the process of evaluating this Journal for DOAJ.

Here I have attached a report regarding the same.

Our 1<sup>st</sup> level of evaluation is based on the number of articles published, their citations, geographical diversity, and endogeny in every issue published. Our primary concern with this is the endogeny in every issue; as DOAJ guidelines clearly state, "The proportion of published papers where at least one of the authors is an editor, editorial board member or reviewer must not exceed 20% based on the research content of the latest two issues."

or reviewer must not exceed 20% based on the research content of the latest two issues."

However, going through the report, you'll find that all the issues have more than 20% of endogeny except volume 2, issue 1 in 2020.

**Suggestions:** Endogeny needs to be kept in mind while processing the articles in the coming issues. If in total, we are publishing 10 to 12 articles per issue, not more than two articles should be from the Editorial and Advisory board member.

Feel free to revert me in case of any queries.

**doaj.org**

people. It is recommended that board members should not all come from the same institution.

- All articles must pass through a quality control system (peer review) before publication.
  - The type and details of the peer review process must be stated clearly on the website.
- Use of a plagiarism checking service is recommended, but not required for inclusion in DOAJ.
- Endogeny should be minimised.
  - The proportion of published papers where at least one of the authors is an editor, editorial board member or reviewer must not exceed 20% based on the research content of the latest two issues.

**DOAJ**

SEARCH Q MENU

- one unique URL per article
- HTML or PDF, as a minimum
- Journals that include intrusive advertising will not be accepted. See best practice recommendations for advertising.
- DOAJ does not approve of the use of Impact Factors. However, we acknowledge that the only official Impact Factor is that created by Clarivate. Journals must not display Impact Factors/similar rankings from any other service
- The website does not need to be in English. If the site is available in multiple languages the information provided must be the same in all languages.

On behalf of the organising committee I give me immense pleasure to welcome our honourable members to TNOACON 2023 to be held at Chennai. The ever vibrant metropolitan city Chennai, the capital of Tamil Nadu is also the Gateway to the South and Medical tourism capital of India. The pristine beaches, heritage buildings, architectural wonders, antique monuments, ultra-modern shopping malls, state of art transport facilities, historically significant places of worship and ever busy foot joints serving cuisines all around the world and many more attractions are all awaiting your indulgence. We promise to take you down a time travel extravaganza where you can Embrace the past, Experience the present and Envisage the future of orthopaedics. MGM beach resorts promises to be the perfect rendezvous for you to experience our warm and generous hospitality. Under the able guidance of seniors and a highly energetic and tech savvy younger generation we will provide all our efforts leaving no stone unturned to take our conference to a different level making it a memorable one. The theme of our conference calls upon everyone to Update knowledge, Upgrade skill and Upscale outcome. Enroute faculty across the globe, interaction with inventors, meet the masters, dedicated hall for live surgeries, fellowship interviews for Post graduates, Cadaveric workshops, innovative scientific sessions are a few of the highlights on the academic spectrum. Gastronomic delicacies, celebrity invites, gala cultural events, variety of sporting activities, jam packed spouse events, multiple tour packages have all been lined up to rejuvenate yourself! I once again extend a warm welcome to you all to experience the multi domain academic and diverse cultural festivities lined up at TNOACON2023 Chennai.

### Dictates for doctors

The draft regulations for professional conduct of doctors require extensive reworking

GEORGE THOMAS

The National Medical Commission (NMC) has published a draft of the constitution in progress for the professional conduct of doctors and medical practitioners for public and professional scrutiny. The draft is a response to the recommendations of the committee on the professional conduct of doctors to the public and allied health professionals, and professional associations.

control. Resolving continuing medical education as continuing professional development is symptomatic of the bureaucratic approach, especially medical practitioners' lodge. The easy availability of high-quality content on the Internet has greatly reduced the need for doctors to attend seminars, conferences and other events. The NMC has to take into account the fact that doctors are now more likely to be found on the Internet than in the classroom.

### Indian women's football player undergoes ligament transplant at govt. hospital in Chennai

B. Mariamma suffered a ligament tear during a practice match at Khelo India camp

B. SATHIA

A 19-year-old footballer of the Indian women's team underwent a unique procedure at the Tamil Nadu Government Multi Super Speciality Hospital here for a ligament tear on Friday.

B. Mariamma sustained a ligament tear, common among sports persons, in her left knee while practising at the Khelo India camp in Chennai three weeks ago. "I was taking the ball when I twisted my leg and knee immediately that I had injured the knee," she said.

"My friends said I would be okay if I took rest. But I knew I would need a surgery." She was referred by the Sports Development Authority of Tamil Nadu to M. Leonard Pongal, head of arthroscopy and sports injury department at the hospital.

B. Mariamma, a national-level football player, who underwent transplantation of ligament, recuperating in hospital. - S. K. K.

Mariamma, hailing from Tiruchirappalli, learned to play football by watching her brother, now a State cricket coach, play a game. The left forward striker represented India in the Asian football league in Iran in 2022, in

sportsperson like Mariamma, could compromise her high level performance. An allograft has a high re-rupture rate. Hence, I opted for a live allograft transplant," he said.

"The best graft is BTB which seldom undergoes laxity. In case of a living donor, allograft transfer can be taken only from the father or the mother," Dr. Leonard said.

On Friday, in a laparoscopic surgery, Dr. Leonard removed a small portion of ligament from her father, Balamurugan's right knee and transplanted it in Mariamma. "Once the wound heals, we will strengthen her knee and put her on rehabilitation. We will allow the graft to mature and in six months she will return to play the sport," Dr. Leonard said.

Apoorva, Secretary for Sports and Youth Affairs, said: "Mariamma will be a good example as many times, a player's career could come to an end due to such injuries." The doctor's expertise and this particular surgery could help other players, she added.

**GRH emergency dept earns praise for scheme**

Tamil Nadu News

Madurai: The emergency department and Tamil Nadu Accident and Emergency Care Initiative (TAEI) centre of Government Raj Hospital (GRH) in Madurai has earned praise for best practices, particularly for the 'Innuviy Kappom Thittam' (Then Mission) director of Na Thittam. The then mission director of Na Thittam, Dr. J. Jeyaraj, in a letter to the director of medical education dated June 7, recommended that all government departments should study and imbibed the best practices adopted at the emergency department of GRH.

As per the letter, it was stated that a visit was undertaken by state programme manager, TAEI along with World Bank officials to the emergency department at GRH on May 28. Best practices observed during the visit with regard to 'Innuviy Kappom Thittam - Nannam Kaakkum 48' were listed. The World Bank team was appreciative of the co-ordination between the stake-holding departments.

## Road safety initiative Uyir expands to Pollachi

STAFF REPORTER  
COIMBATORE

Road safety initiative Uyir that was started in Coimbatore in 2018 has been expanded to Pollachi. Coimbatore District Collector G.S. Sameeran launched Uyir Pollachi and its 'Kutty Cops' programme on Friday.

Mr. Sameeran said 49 places in Coimbatore were blind spots that caused accidents.

The cause of accidents at these places was studied, whether it was due to road construction or other engineering defects, and they were modified to reduce the accidents.

He said a long term intervention to reduce road accidents could be made only by making the youth, especially school students learn about road safety rules and guidelines.

Launched in association with Rotary Pollachi, the in-

Coimbatore District Collector G.S. Sameeran (fifth right) launching road safety initiative Uyir in Pollachi on Friday.

initiative aimed at making an accident-free Pollachi, said organisers.

A release said several educational institutions of Pollachi joined Uyir on its launch day.

It would join hands with volunteering institutions and would provide an orientation for the teachers for road safety programmes.

Students under the 'Kutty Cops' programme would be

guided to educate their family members to follow traffic etiquette - to wear helmets, follow traffic rules, wear seat belts when riding a car.

Students who were present at the launch took a pledge. Uyir's managing trustee S. Rajasekaran, trustee M. Manickam, president of Rotary Pollachi Maheswar and Governor of Rotary District 3203 Elangumkaran were present.
