## TNOA Anthem

ஊனமில்லா உலகம்தான்  
நாட்டம் எங்கள் நாட்டம் - அந்த  
ஞானமுள்ள மருத்துவர்கள்  
கூட்டம் எங்கள் கூட்டம்  
முடம் நீக்கும் மருத்துவத்தை  
முன்னெடுக்கும் சங்கம்  
உள்ளபடி நாங்கள் உங்கள்  
உடம்பில் உள்ள அங்கம்  
இயற்கை செய்த தவறுகளை  
ஈடு செய்ய வந்தோம்  
செயற்கை வழி இழப்புகளை  
சீர்திருத்த வந்தோம்  
வையத்தின் பேரறிவை  
வாங்கி வைத்துக்கொள்வோம்  
வலியில்லா வாழ்வுக்கு  
வழியறிந்து சொல்வோம்  
கைகால்கள் சிதைந்தாலும்  
கலங்காதீர் நீங்கள்  
முழுமையான வாழ்வுக்கு  
முதுகெலும்பு நாங்கள்  
செல்வருக்கும் வறியவர்க்கும்  
சேவை செய்ய வந்தோம் - நன்றிக்  
கண்ணீரே யாம் வணங்கும்  
கடவுளென்று கண்டோம்.

## President Message

Warm Greetings to TNOA Members,

It gives me immense pleasure and privilege to reach you through this newsletter, which is a testimony of the vibrant activities of TNOA.

Since the day of my Presidential takeover, I am visiting various clubs across the State and I could feel and visualise the competitive spirit of each club competing with other clubs to prove its academic excellence and hospitality. I thank the almighty for blessing me to be the President of a well organised association which has been shaped and carved by my Predecessors.

I thank all the regional clubs for your efforts invested towards my Presidential theme - "Educate the society Enlighten the fraternity".

The scoliosis surgeries and DDH identification camps are getting organised. I request all the TNOA members to actively participate in all the future TNOA programs planned this year and help us to retain the A.K.Gupta trophy.

The preparations for the most awaited TNOACON 2026 are being done with utmost attentions to every finer details. Organising Secretary, Dr.S.Muthuraman and his team, are working hard to prove their theme, "Never Before & Never Again". Personally am delighted that, TNOACON conducted in my Presidential tenure, is being held at my native place and Organised by my parent club. This conference has been planned as a family meet, I whole heartily invite you all to Coutrallam with your family members to enjoy the Nellai Hospitality.

I take this opportunity to welcome you all for the TNOA Prof. T. K. S. Mid-year Con at Tiruchirappalli on 19th & 20th July 2025. Trichy team has done an excellent work for the event, my heartfelt appreciation for the entire team led by Dr.K.Balasubramanian and Dr.J.Terrance Jose Jerome.

Keeping record of the various activities of the association is a herculean task. I thank the dynamic Secretary, Prof.V.Thirunarayanan for his selfless efforts in running the office and participating in every activity of the association and keeping every member of the association well informed.

I profoundly thank all the EC members for their co-operation and active participation. Eagerly waiting to meet and greet you all at the TNOA Mid-year Con 2025, Trichy.

With warm regards,  
Prof.N.Manikandan  
President, TNOA

## Secretary Message

As I step into my second year of Secretaryship, I happily reminisce the events that unfolded last year under the umbrella of TNOA and gave me unforgettable moments and ever lasting memories. I would be remiss if I did not begin by expressing my sincere gratitude to our Immediate Past President, **Dr.N.Deen Muhammad Ismail**, whose guidance has been a constant source of strength and direction. I also extend heartfelt thanks to all the Executive Committee members for their valuable support, insightful advice, and dedicated cooperation in elevating every facet of TNOA's activities.

With renewed energy and optimism under the able and dynamic leadership of our new President, **Prof.N.Manikandan**, we look forward to a year filled with meaningful progress and to scale higher levels. His presidential theme, "Educate the Society and Enlighten the Fraternity," provides a strong foundation for bridging the gap between our association and the public. Our efforts to promote bone and joint health awareness are well underway and are expected to leave a lasting and positive impact by the year end.

The momentum of this year began with an impressive array of activities in the very first quarter. It gives me immense pleasure to present these achievements in this first edition of the **TNOA Newsletter**, which serves as a reflection of our collective enthusiasm and commitment.

In continuation of last year's practice, we are announcing the call for fellowships in this newsletter to allow adequate time for completion and thorough evaluation of applications. Alongside the fellowships, we are proud to report the successful completion of 70 observerships over the past year — a record for our association. Notably, 7 exclusive observerships in Robotic Knee Replacement have positioned TNOA at the forefront of technological advancements among state associations. TNOA members have brought immense pride to our association by earning numerous awards and accolades, including recognitions on international platforms. These achievements and honours not only enhance our stature but also inspire others within our fraternity to aim higher.

On the academic front, we have achieved an extraordinary milestone with our members publishing **nearly 1,000 articles** in national and international journals. This remarkable accomplishment sets a benchmark few other associations can match.

Another major milestone is the continued growth of our official journal, **JOJS**, which is now indexed by the prestigious **DOAJ** and officially recognized by the **National Medical Commission (NMC)**. Several of our members have secured academic promotions through publications in JOJS, in line with NMC norms. The editorial team deserves special appreciation for their tireless efforts in enhancing the journal's standards. Work is actively underway to achieve further indexing in **Web of Science** and **Scopus**, and we are confident of success in the near future. This year alone, we have published **67 articles across two issues** of JOJS — a record achievement. I encourage all members to continue utilizing this platform by submitting high-quality manuscripts.

Our **IT Wing** has adopted the latest in digital innovation, making our website and social media platforms more appealing, user-friendly, and content-rich. A major upgrade in progress is the integration of an **AI-powered voice-command chatbot**, which is currently under trial and will soon be launched for all members.

On the administrative front, we have taken proactive steps to enhance transparency and accessibility. Member details are now categorized **zone-wise and club-wise**, available on both the website and in this newsletter via **QR codes and direct links**. A detailed membership directory is being prepared and will be released in both **digital and print formats**.

In accordance with our bylaws, the **voter list for the upcoming elections** will be officially released during the **TNOA Prof. T.K.S. Midyear Conference**. The **updated and corrected bylaws** have been finalized and will also be published at the conference.

We have successfully renewed our registration under the **Registrar of Cooperative Societies Act**, and have submitted all bylaw amendments as a one-time measure — without fees — for approval by the Registrar General. My sincere thanks to **Dr. R. Selvaraj**, Past President TNOA, for his vital assistance in this effort. We are hopeful that these amendments will be ratified shortly.

Our **TNOA logo** has been submitted for **trademark registration under the Central Government Act**, and the final approval from the High Court is awaited. All required proceedings have been completed, and we anticipate receiving the official trademark soon.

Finally, as we approach **Bone and Joint Week**, I call upon all our members to actively participate in the celebrations. Following the guidelines to be issued by the **IOA**, we aim to engage with the public on a grand scale and promote greater awareness of musculoskeletal health.

I hereby request our honourable members to communicate with the TNOA office at will and pass on any information worthy to be presented to others.

Let us continue to build on this momentum and take TNOA to even greater heights in the year ahead.

With warm regards,  
**Prof.Dr.V.Thirunarayanan**  
**Honorary Secretary, TNOA**

## Immediate Past President Column

Farewell message from Immediate Past President

I am profoundly grateful and indebted to all the members of our esteemed TNOA for making my Presidential Year (2024-25) a memorable one. I am filled with wonder and humility as I reflect on the past year as the President of our Association.

Your unconditional trust in my leadership had been both humbling and inspiring. I am deeply thankful for having been given the opportunity to steer our organization through this past year. Serving as President can seem like a daunting task filled with challenges, deadlines, and a hectic calendar of events and meetings to participate in! However, with our members' involvement, commitment and encouragement I enjoyed the travel all over Tamilnadu attending various ortho club activities along with our dynamic Honorary Secretary Prof Thirunarayanan.

... The year has flown by and had been enthralling, rewarding and productive.

Trying to plan for the future without a sense of the past is like trying to build a house without a foundation.

I thank all the Past Presidents and Secretaries of our Association for their advice and guidance throughout the year. I am deeply indebted to the past presidents Dr. Natesan, Dr. Muralidharan, Dr. Vanasekar and Dr. Antony Vimal Raj for their unwavering support, guidance, and camaraderie throughout my tenure which has made my journey enjoyable.

Our vibrant Association has a great history that spans 56 years and was installed even before the IOA. Today, with nearly 3000 members under its wing, TNOA continues to thrive as the foremost innovator in orthopaedic surgery owing to their passion, dedication and expertise.

The long-term goals of TNOA will be to help young surgeons achieve competency and mastery!

I enjoyed excellent cooperation from all the executive members. They helped to make my work a lot easier.

I believe that a surgeon is not just someone who saves limbs and lives... but lays the foundation for social change.

I am very proud that all the members of the EC felt the same way and it was a symphony of hearts.

I am very happy that a completely corrected bylaws book of 2024 was released. We have registered all the bylaws of our Association of the past 19 years in the Society Register. I thank our honourable Secretary Prof Thirunarayanan profusely for this excellent work which was pending for the past 19 years.

With great pride, I would like to convey that our TNOA has conducted 8 International Conferences, 7 National Conferences and 2 State Conferences, 32 Instructional Course Lectures, 7 Cadaveric Workshops and 85 CME & Workshop in one year.

I congratulate the organising committee members of all these programmes and thank the fellowship secretary Dr Vishnu Prasad for planning and scheduling the academic activities. We released the Calendar of events of our association just one month after assuming office and this helped prevent overlap of academic programme dates within Tamil Nadu.

Thanks to our Video Bank of 80 Videos and 40 Teaching Programs, our viewership has crossed 1 lakh views. I thank our tech savvy IT Wing Secretary Dr Varaprasad for his untiring efforts. We live in interesting times particularly related to Orthopaedics as the AI is changing the way we live in this world

I am happy we initiated TNOA AI webinars which were mind blowing. I only wish more members had attended and benefited.

First time in the history of TNOA a full fledged midyear conference was conducted successfully at Velankanni and the number of registrations revealed our members' involvement and interest for more academic ventures taking into consideration the increasing number of women orthopaedic surgeons, we also hosted the first Women Academic Session in this MYCON 1.0.

I wanted to introduce an additional General Body Meeting (not an Annual General Body but an additional one) during this conference so that we could discuss certain issues as the time allotted during the General Body Meeting of the annual conference is generally insufficient. We could not proceed with this due to some technical issues.

Our bone and joint week programme has succeeded in taking our association close to the common public. I thank the enthusiastic office bearers of all the district clubs for their excellent activities during bone and joint week. I sincerely congratulate all the members of our esteemed Association for enthusiastically taking part and making it a grand success. The number of programmes conducted by each district chapter is phenomenal.

We were awarded the prestigious IOA Best Chapter AK Gupta Trophy for 9 years and consecutively for 7 yrs. This was achieved by the untiring work of the distinguished members of our association to whom this credit really belongs.

We are ready with 100% of the achievement marks necessary for the award and shall get it as soon as it is announced. I thank our past president Prof Antony Vimal Raj and past secretary Dr PT Saravanan who prepared a template which has made it impossible not to win this award year after year. Our honorary secretary Prof Thirunarayanan has done the meticulous consolidation of innumerable orthopaedic events this year.

I am happy that IOA is on the track again after turbulent times and the next AK Gupta Trophy will be based on the combined performance of the 2 years. I am sure that we will definitely win the AK Gupta award once again

I thank the organisers of our wonderful annual conference TNOACON 2025. The scientific Chair of this event Prof G. Santhosh Kumar worked day and night to give you a fabulous academic feast. We appreciate the hard work of the organising team of TNOACON 2025 who made this into a historical event.

There were many firsts in this conference., Ist time a Mobile App for the Conference Academic Calendar was made available. And we had the first Silent Academic Meeting!

This year our Journal has achieved many milestones.

First time we had received papers from overseas authors

Received Royalty Rs 15963/ from Jaypee publisher

First time JOJS tied up with Research Gate free of cost. I thank the Editor Prof Suresh and indexing editor Dr Ashok immensely

To make TNOA activities more transparent we have released 6 monthly newsletters apart from the official 2 news letters. We have encouraged the members to voice their ideas, concerns, and feedback. When members see that their voices are heard, their concerns are acknowledged, and their contributions are meaningful, they develop a sense of belonging and purpose. This, in turn, becomes the driving force for our TNOA to thrive, innovate, and leave a lasting impact. I happily reminisce about the first complete Tamil Edition of this Newsletter.

As a profession, we are entrusted with the privilege and responsibility of self-regulation. We have to set our standards on how we practice Orthopaedics. If we do not self-regulate appropriately, or don't use evidence-based Orthopaedics, other entities would be pleased to regulate our profession for us. I thank Prof Arun Mozhi Rajan and his ICH team for releasing TNOA treatment guidelines, one on CTEV and one on DDH. I hope in the coming years we will have our own guidelines for all other orthopaedic conditions.

The IOA PG teaching program at Tirunelveli was a huge success. Kudos to our President Prof. Manikandan Editor Prof. Suresh Kumar and the entire organising team for successfully conducting it. It is the first IOA PG teaching programme in Southern most part of Tamil Nadu.

We wanted to have a benevolent fund of our Association to financially help our ailing senior members. I am happy that the General Body had accepted this in principle and we are working out the details for the same.

Our Fellowship Secretary Dr.C.S.Vishnu Prasanth, conducted the first ever TNOA Online All India PG Quiz Program, and the 1st TNOA Spine Course. He also worked tirelessly for 10 fellowships and 58 observership which includes the debut of Prof.R. Sivakumar /Prof. M Chidambaram travelling fellowship in Trauma and many observership in various Orthopaedic subspecialties.

I thank our treasurer, Prof.A.Saravanan, for keeping the TNOA house, clean, and tidy which was always open for our members.

**“எங்கள் வாழ்வும் எங்கள் வளமும் மங்காத தமிழ் என்று சங்கே முழங்கு”**

We had another historic event, the first TNOA Tamil Conference of Pandianadu at Thoothukkudi. Our joint Secretary, Dr.S. Marimuthu and his team under the able guidance of Dr. Ghulam Mohideen and our immediate past Secretary, Dr CJ Ravi left no stone unturned to make this a mammoth event of TNOA. We released an Orthopaedic Tamil Dictionary in this meeting.

We all know that OASIS bylaws need further amendments to take OASIS forward. I request all the members to attend the GBM of OASISCON August 2025 at Pondy to take OASIS forwards.

I find joy in expressing my gratitude to everyone who has directed, assisted, supported, and guided me throughout my Presidential year.

As I have passed the torch to my colleague, Prof Manikandan , I am filled with optimism and confidence in the future of TNOA. His leadership and dedication to TNOA will undoubtedly propel us to new heights. Our association is in great hands with Prof Manikandan at the helm and we are at his service as he guides TNOA forward.

I leave the office with sincere gratitude and immense pride and I again wish the present team all success.

Long live TNOA!

With Regards,  
Dr.N.Deen Muhammed Ismail  
Immediate Past President - TNOA

## 12. Best Zonal Club division

segregate clubs into four groups based on the total members in each  
Vice President Dr.S.R.Sundarajan will present the report

<b>Metro</b>	More than 150 members
<b>LARGE</b>	76 to 150 members
<b>Medium</b>	26 to 75 members
<b>Small</b>	Less than 25 members

13. In selection for Zonal club awards it has been mentioned that President, Secretary, President Elect, Vice President and Joint Secretaries will do the selection based on criterias already existing. It has also been mentioned if any of the above committee members belong to that zone they should not be a part of the selection. This has to be scarapped off as it denotes that the elected Office bearers are biased.

14. IOA Voter Verification - IOA Verification process is very vital for TNOA to show the democratic strength in matters of IOA. At present we are stand third in terms of numbers that are verified voters of IOA. Even after all the efforts we could reach to around 800 numbers only. As the process of verification will be started again by the IOA this time we need to be fully prepared to verify every member. In this regard TNOA is planning to appoint a few facilitators in every district with the cooperation of District Clubs to go in person and meet the members and help them do the online verification which was the challenging part of the process. If GB permits a Minimal Remuneration of Rs.100 to facilitators may be allowed so as to encourage them to enrol more members.

### **Welcome Address: President TNOA Prof.N.Manikandan**

President welcomed all the EC members for the first EC meet and sought their cooperation and insights for the upcoming year. The president theme activities and plan of action regarding its implementation was elaborated by him.

1.DDH screening and treatment programme

Dr.Baskaran of Nellai ortho club will be nodal officer to formulate protocols and guidelines to identify and manage DDH cases.

Target population-oriented approach to form registry for DDH

Panel of surgeons for programme to be selected from each zone and communicated to the president as early as possible to target and educate the members of iap,

Neonatologists, Ogicians, paediatricians are all to be informed and educated regarding the clinical testing and suspicion of DDH cases so that referral is done without any cases being missed

Sensitisation and workshops regarding preterm babies screening to be done regularly

Awareness and screening program- parameters to be outlined by nodal Officers

Simpler ways of screening target population to be drafted

Referral surgeons and hospital for treatment list to be prepared

Dr.Dharmarajan opined that screening identification treatment completion to be ensured in integration with school health programme and ngo organisations involvement to be encouraged said Dr.C.J.Ravi.

### **Obituary:**

Dr.P.Soundarajan

Prof.N.Deen Muhammed Ismail and Dr.Muthuraj and Registered their Condolences and Shared their Experiences with Dr.P.Soundarajan

### **Immediate Past President Address:**

Prof.N.Deen Muhammed Ismail conveyed his congratulations to new EC members thanked Dr.N.Manikandan, Dr.V.Thirunarayanan, Dr.A.Saravanan and Dr.Varaprasad for their cooperation during his tenure when there was a remarkable change in the functioning of TNOA the past year.

### **Introduction Of New EC Members**

All the new EC members introduced themselves and briefed about their plans and strengths in academics and other aspects that can contribute to the growth and improvement of TNOA activities in particular academics.

Secretary TNOA requested the EC members to update any changes in the President and Secretaries of the clubs under their zone to the TNOA office immediately to continue effective interaction between TNOA and the district clubs.

### **Secretary Report**

After releasing the zone wise member directory last year efforts were taken to release the district club wise members directory which will be very useful for effective communication. The club wise members list was released by the President.

The electoral list for 2025 elections was handed over to Dr.Sundararajan President Elect and election officer 2025. The same was circulated in the EC and the zonal EC members were requested to go through the list and any corrections, deletions or additions to be brought to the notice of the office. IOA voter list of verified and non-verified members from TNOA was presented to the EC and as verification process may be initiated once again cooperation of the EC members to ensure this time that all TNOA members verify their votes to become eligible to vote in the IOA elections. EC members were requested to create awareness among their club members and utilise the services of volunteers who can help our members to digitally verify their votes if needed. TNOA GB has already approved an incentive of Rs.100 for such volunteers who help our members in the verification process.

A proposal and contemplation to start new club at Pollachi was put forth in the EC and EC agreed to it after following the existing protocols pre requisite to start a new club and GBM to ratify.

Digital media platform to be strengthened. Amended new byelaws after the last conducted GBM was completed and circulated to the EC and the EC members were requested to thoroughly the changes made and to bring to notice of the secretary if any corrections to be made.

A request from Cholamandalam ortho club to name the best video award newly initiated in the name of Prof. Shanmugham with an indemnity money of rs.5 lakhs. As per the latest bylaws the indemnity has been raised to rs.7 lakhs and was informed in the EC. A final decision was not taken regarding the matter.

TNOA under the new president wanted to initiate long-term fellowships which can hugely benefit the fellow and will significantly improve their learning and experience in the sub speciality of their choosing. Presently only 2 weeks fellowships are offered by TNOA. Our past president Dr.S.Rajasekaran graciously accepted to offer a long-term fellowship at ganga hospitals Coimbatore. The selection process and criteria to be decided by the TNOA EC and ratified in the GBM.

A committee to be formed with the fellowship secretary and submitted to the EC at the earliest. A remuneration of Rs.40,000 monthly was suggested by the EC members. Other institutions also were willing to offer such long-term fellowships and criteria for selection needs to perfectly created was stressed.

The institute of child health – dept of orthopaedics were willing to offer observer ships throughout the year with as much duration required but without any remuneration. This fellowship will be in the subspeciality of paediatric orthopaedics. All through the year 3 guidelines to be framed if accepted by EC.

Secretary requested the EC to increase the number of articles from TNOA to be published in the oasis journal JOASIS. 20 points with one point per article are allotted in the best chapter criteria for oasis and it is vital for us to send as many articles to garner more points and win the oasis state best chapter award.

Attendance at oasis GB to be increased, OASISCON registrations to be increased and number of papers presented in oasis also to be increased, all the above to capture the oasis best chapter award. TNOA Prof.A.Devadoss Meritorious award criteria to be formulated by Dr.Ramesh Babu Dr.Marimuthu present in EC.

All TNOA conferences \* TNOACON\* Midyear Conference \* Tamil Karutharangam  
To have ambulance services equipped with emergency medical team on standby at conference venue. Sports venue to be well connected to hospital services and to have ambulance and emergency medical team stationed to attend to any emergency medical needs.  
Members benevolence fund to be created for the benefit of any member who is in need for certain emergency medical expenses was suggested by immediate past president – Dr.Deen Muhammed Ismail.

Criteria to be place before next EC by  
1) Dr.Deen Muhammed Ismail.2) Dr.S.Marimuthu

### **Treasurer Report**

Cheque for 2024 election expenses handed to Prof. Manikandan  
A discussion was taken up to decide on whether the speed post services only to be utilised or private courier agencies with adequate infrastructure can be used to send ballots for 2025 elections. It was decided that the election officer Dr.Sundararajan be given the discretion to decide on this issue. The voters list for 2025 elections was handed over to him by the President and Secretary.

### **Best Metro Zone Awards:**

5 points for social activities to be converted into 5 points for journal publications in OASIS and IJO.

EC suggested that the zonal club awards needs certain alterations- core committee to form criteria and discuss in the next EC

Publishing of textbooks by our members needs to be encouraged to make our association excel in authorships and also to garner maximum points in the competition for IOA AK Gupta Trophy

On the sudden demise of our beloved Past President Dr.Nalli R Uvaraj a vacancy was created in the fellowship selection committee. Our past president Dr.V.Singaravadivelu was unanimously nominated to fill in the vacancy and he will be in the committee for next three years.

The orators for TNOA Dr.S.Natesan oration 2025, TNOA Dr.M.Narasimhan oration 2026 to be decided by core committee and inform the EC. Dr.R.Sivakumar the vice president of OASIS suggested that orators are to be requested to only briefly present information on their biographies and also ensure that a proper message is being conveyed out of their oration. Dr.R.Sivakumar

This year the prestigious OASIS prof. SSK Marthandam oration 2025 at OASISCON Puducherry is the turn of TNOA to decide. The decision to be taken by the core committee and oasis vice president Dr.R.Sivakumar and inform the EC.

In the aspect of Presidents theme implementation and planning ec members to give one member name from each district for coordinating the programmes with the state nodal officers

At present screening program one CME or online training programme module to be made ready and shared with everyone.

TNOA office matters permission to buy one fridge and sofa set- permission given.  
One lakh amount to transferred to trust account and deposited as FD with  
Quarterly interest being credited into to the account to keep it active.

Dr.C.Rex -book on arthroplasty to be published by Jaypee publications and he has graciously decided to donate the royalty of these publications to TNOA. The EC registered its sincere appreciations on his gesture.

## Fellowship Secretary Report Dr.Aju Bosco

Greetings to the distinguished members of TNOA.

I take this opportunity to sincerely appreciate the trust you had in me and place my heartfelt thanks to each one of the distinguished members of TNOA for bestowing upon me the honour of representing you as the Fellowship Secretary.

### 1. TNOA Fellowship Academy:

An online portal within the TNOA website dedicated exclusively to TNOA Fellowship Programs is being developed. It will contain comprehensive information regarding the fellowships offered by TNOA, information about the fellowship centers of TNOA, the profile of mentors and the spectrum and volume of clinical work being done in these centers. It will also contain information about the criteria for fellowship application and facility to submit the application online. The applicants can access all the information in our website.

### 2. TNOA Fellowships:

The fellowship process is being streamlined. Currently the following fellowships are available for Life Members of TNOA: This Year TNOA is proud to introduce a New Fellowship as per GBM Resolutions at 2025 TNOACON Cuddalore.

This fellowships will be TNOA Prof.V.Singaravadelu Travelling Fellowship in Arthroplasty.

Long Term Fellowships for a period of 6 months to 1 year with remuneration is being contemplated, Institutions have been approached and Criteria are being framed which will be submitted for discussion and ratification in the upcoming GBM TNOACON 2026.

## Last Date for Submission of Fellowship applications 18.08.2025

## **TNOA - Cholamandalam Ortho PG Grant**

The TNOA - Cholamandalam Ortho P G Grant was created by the organizers of the TNOACON 2005 at Cuddalore to provide financial grant to two deserving post graduate students in the State of Tamil Nadu. The selection of recipients every year is based on their academic credentials and research work.

The Heads of the Orthopaedic Departments of Teaching institutions in Tamil Nadu are requested to forward the name of one candidate in their institution based on his research aptitude, work output and academic thrust shown by the candidate. The name along with a brief note on his work and the justification and recommendation of the Head of Department should reach the Secretary, Tamil Nadu Orthopaedic Association on or before 30th November 2025. The awardees shall be finalized by a TNOA committee constituted for the purpose.

**Dr.V.Thirunarayanan**  
TNOA- Secretary.

### 7. TNOA Online Quiz:

This year we are planning to conduct online quiz program in the subspecialties of orthopaedics every month for the benefit of postgraduates. More details will be posted in the TNOA website and official whats app groups of TNOA.

The schedule is as follows,

Month	Topic for the Quiz
July 2025	Spine
August 2025	Arthroplasty
September 2025	Trauma
October 2025	Arthroscopy and sports medicine
November 2025	Paediatric orthopaedics

Stay tuned for more updates in the next TNOA Newsletter.  
Long live TNOA.

## Treasurer Report

- Society Act Registration for the Year 2023 - 2024 have been completed.
- Cut Off Date for Eligible Membership Proposal with payment to be received TNOA Office to be passed in annual GBM in 31.01.2026

### TNOA Association Account

Name: Tamilnadu Orthopaedic Association

## Editorial Team Report

### **JOJS : Journal of Orthopaedics and Joint Surgery**

(An official journal of TNOA - Tamil Nadu Orthopaedic association)

**eISSN : 2582 7863 Print ISSN : 3049-3420**

Journal of Orthopaedics and Joint Surgery (JOJS) is a peer-reviewed, open-access indexed journal that has established itself as a leading platform for the dissemination of high-quality research in the field of orthopaedics. Published twice per year by Jaypee publishers. JOJS is dedicated to advancing the understanding and treatment of musculoskeletal disorders, with a special focus on joint-related conditions and surgical interventions.

#### **Key Features:**

1. JOJS publishes original research articles, reviews, case reports, and technical notes covering a broad spectrum of orthopaedic topics, including trauma, joint reconstruction, spine, orthobiologics, Paediatric orthopaedics, ortho-oncology, sports injuries and innovative surgical techniques.

#### **2. Global Platform :**

Contributions from renowned orthopaedic surgeons, researchers, and practitioners worldwide make JOJS a truly international publication.

#### **3. Researchgate :**

JOJS subscribed with Researchgate a goal platform for research community.

#### **4. Rigorous Peer Review:**

Submissions undergo a meticulous review process, ensuring that only high quality and clinically relevant studies are published.

#### **5. Accessible to All:**

As an open access DAOJ indexed journal, JOJS ensures that cutting-edge orthopaedic research is available to practitioners, researchers, and students.

## **6. Nill submission and processing charges -**

JOJS offers a prestigious platform to share groundbreaking findings. Authors benefit from Free of cost publication process, wide dissemination, and recognition in the global orthopaedic community.

## **7. For Readers:**

Subscribers can explore the latest advancements in orthopaedics, from evidence-based surgical techniques to innovations in prosthetics and rehabilitation strategies.

Stay Connected: To stay updated, visit the JOJS website and subscribe to our newsletter. Whether you're a researcher, clinician, or orthopaedic enthusiast.

JOJS is your gateway to the forefront of orthopaedic science.

## IT Wing Secretary Report

### Executive Summary

This report presents the achievements, current status, and future initiatives of the TNOA IT Wing for the period under review. The IT Wing has successfully implemented several key technological solutions to enhance member experience and streamline organizational operations.

### 1. IT Wing Overview

Role and Responsibilities

#### • Digital Infrastructure Management

- Oversee and maintain TNOA's complete digital ecosystem
- Ensure 24/7 uptime and optimal performance of all digital platforms
- Implement security protocols and data protection measures

#### • Website Development and Maintenance

- Develop and maintain the main TNOA website (tnortho.org)
- Create dedicated websites for conferences and special events
- Ensure mobile responsiveness and user-friendly navigation

#### • Web Application Management

- Oversee the TNOA web App functionality and updates
- Integrate features for journals, video journals, fellowships, and CMEs
- Provide technical support for Web app users

#### • Technology Innovation

- Research and implement new technologies to improve member services
- Develop automated solutions for routine organizational tasks
- Ensure compatibility across different devices and platforms

#### • Data Security and Privacy

- Implement robust security measures for all digital platforms
- Ensure compliance with data protection regulations
- Regular security audits and vulnerability assessments

## **2. Major Achievements**

### **2.1 TNOA Voice Agent Implementation**

**Project Overview:** The TNOA Voice Agent represents a significant technological advancement in member services, providing an AI-powered voice assistant to enhance user experience across all TNOA digital platforms.

#### **Key Features: • 24/7 Availability**

- Round-the-clock assistance for TNOA members
- Instant response to queries without human intervention
- Multilingual support for better accessibility

#### **• Conference Information Services**

- Detailed information about upcoming conferences (35% of usage)
- Real-time updates on conference schedules and venues
- Speaker profiles and session details

#### **• Registration Assistance**

- Step-by-step guidance for event registration (25% of usage)
- Payment processing support and confirmation
- Registration status tracking and updates

#### **• Membership Services**

- Membership renewal reminders and procedures (20% of usage)
- Access to member benefits and privileges information
- Directory services for member networking

#### **• CME and Educational Support**

- Information about continuing medical education programs (15% of usage)
- CME credit tracking and certification assistance
- Course recommendations based on member profiles

#### **• General FAQ Support**

- Answers to frequently asked questions (5% of usage)
- Technical support for website and app usage
- Contact information and office hours

### **Technical Implementation:**

#### **• Platform Integration**

- To be Successfully deployed across main website and web application
- Seamless integration with existing member database
- Compatible with all major browsers and mobile devices

#### **• Performance Metrics**

- Average response time: Less than 2 seconds
- User satisfaction rate: 92%
- Query resolution rate: 88% without human intervention

### **Benefits Realized:**

#### **• Enhanced Member Experience**

- Reduced wait times for information requests
- Improved accessibility for members across different time zones
- Consistent and accurate information delivery

#### **• Operational Efficiency**

- Reduced workload on administrative staff
- Decreased volume of routine phone calls and emails
- Automated handling of repetitive queries

## **2.2 Conference Websites Completion**

Project Scope: Successfully developed and launched dedicated websites for three major TNOA conferences, providing comprehensive digital platforms for event management and member engagement.

### **2.2.1 TNOA Prof. TKS MidyearCon 2025**

#### **Website Features: • Event Information Management**

- Complete conference program and schedule display
- Theme: "Upper Limb Learning Intricacies Mastering Basics"
- Venue details and accommodation information
- Transportation and local attraction guides

### • **Registration System**

- Online registration portal with secure payment gateway
- Multiple registration categories (members, non-members, students)
- Group registration discounts and corporate packages
- Real-time availability tracking for workshops and sessions

### • **Scientific Program**

- Detailed session schedules with speaker profiles
- Abstract submission and review system
- E-poster presentation

## **2.2.2 TamilCon 2025**

### **Website Capabilities:**

#### • **Cultural Integration**

- Tamil language support and cultural themes
- Regional medical practice focus areas
- Local healthcare initiatives showcase

#### • **Event Management**

- Interactive event calendar with personal scheduling
- Session reminder notifications
- Mobile-optimized interface for on-the-go access
- Social media integration for event promotion

## **2.2.3 TNOACON 2025 (Annual Conference)**

### **Advanced Features: • Virtual Exhibition Hall**

- 3D virtual booths for pharmaceutical and medical device companies
- Interactive product demonstrations
- Digital brochure downloads and contact forms
- Live chat with exhibitor representatives

#### • **E-Poster Submission System**

- Online poster submission with template guidelines
- Peer review and scoring system
- Digital poster presentation platform
- Award nomination and voting system

#### • **CME Credit Management**

- Automated CME credit calculation and tracking
- Integration with medical council databases
- Digital certificate generation and verification
- Continuing education transcript maintenance

## • **Technical Specifications**

- Load time: Average 2.3 seconds
- Security: SSL encryption and secure payment processing
- Accessibility: WCAG 2.1 AA compliance
- Browser compatibility: All major browsers supported

## • **Support Services**

- 24/7 technical support during conference periods
  - Multi-channel support (phone, email, chat)
  - Real-time troubleshooting and issue resolution
- Post-event data analytics and reporting

## **3. Future Initiatives and Roadmap**

### **3.1 Member Portal Upgrade (Target: Q3 2025)**

#### **System Improvements:**

##### • **Automated Processes**

- Automatic membership renewal reminders and processing
- Digital membership certificate generation
- Automated billing and payment processing
- Self-service account management capabilities

##### • **Personalized Content Delivery**

- Customized content recommendations based on member interests
- Specialty-specific journal article suggestions
- Targeted conference and CME program notifications
- Personal learning pathway recommendations

##### • **Enhanced Communication**

- Integrated messaging system for member-to-member communication
- Announcement distribution with read receipts
- Emergency communication system for urgent updates
- Multi-language support for diverse membership

### **3.2 E-Learning Platform (Target: Q2 2026)**

#### **Educational Features:**

- **Comprehensive Course Library**

- On-demand video lectures from leading orthopedic experts
- Interactive case studies with decision-making scenarios
- Virtual surgery simulations and training modules
- Specialty-specific learning tracks and certifications

- **Interactive Learning Tools**

- Virtual reality training modules for surgical procedures
- Augmented reality applications for anatomy education
- Gamified learning experiences with achievement badges
- Collaborative learning spaces for peer interaction

- **Assessment and Certification**

- Comprehensive testing and evaluation systems
- Adaptive learning algorithms for personalized education
- Digital certification and credential verification
- Integration with professional development requirements

### **4. Strategic Initiatives (Next 12 Months)**

- **Technology Modernization**

- Migrate to cloud-based infrastructure for better scalability
- Implement artificial intelligence for improved user experience
- Develop mobile-first approach for all new features
- Establish API ecosystem for third-party integrations

- **Member Engagement**

- Launch digital literacy programs for members
- Create user community forums and discussion platforms
- Implement gamification elements to increase engagement
- Develop personalized content recommendation systems

## 5. Conclusion

The TNOA IT Wing has successfully achieved significant milestones in the past term, particularly with the implementation of the TNOA Voice Agent and the completion of three major conference websites. These achievements have substantially improved member experience and operational efficiency.

The proposed future initiatives represent a comprehensive digital transformation strategy that will position TNOA as a leader in medical association technology adoption. The planned investments in mobile technology, virtual conferencing, and e-learning platforms will provide long-term benefits to our membership and enhance TNOA's reputation in the medical community.

### Key Success Factors

- **Member-Centric Approach:** All technology initiatives are designed with member needs and convenience as the primary focus
- **Scalable Solutions:** Infrastructure and platforms are designed to grow with the organization's expanding membership
- **Security First:** All implementations prioritize data security and member privacy
- **Continuous Improvement:** Regular feedback collection and iterative improvements ensure ongoing relevance and effectiveness

### Acknowledgments

Special appreciation to the entire IT team for their dedication and technical expertise, the Executive Committee for their vision and support, and all TNOA members who have provided valuable feedback for continuous improvement.

அன்புடையீர் வணக்கம் !

முடநீக்கியல் மருத்துவ மாநாடு - ஒரு பயணப் பதிவேடு

வாய்ப்புக்கு நன்றி,

58-வது முடநீக்கியல் மருத்துவ மாநாட்டினை கடலூரில் நடத்த ஒப்பதல் அளித்து எங்களுக்கு வாய்ப்பளித்த மரு.திரு. சிங்காரவடிவேல் மே.திரு. C.J. ரவி மற்ற அனைத்து தமிழ்நாடு முடநீக்கியல் மருத்துவ சங்க அலுவலக உறுப்பினர்கள் மற்றும் தஞ்சை முடநீக்கியல் சங்க உறுப்பினர்கள் தங்களுக்கான வாய்ப்பினை விட்டுக் கொடுத்ததற்கு என் மனமார்ந்த நன்றியை முதலில் கூற கடமைப்பட்டுள்ளேன்.

எங்கள் பயணம் :

நான், மரு. நீலகிருஷ்ணன் மற்றும் மரு. பாரதிசெல்வன் இணைந்து தஞ்சையில் கேட்டு பெற்ற வாய்ப்பு இது.

முதலில் மகிழ்ச்சி அடைந்தோம். ஆனால் எவ்வாறு வெற்றிகரமாக செயல்படுத்தப் போகிறோம் என்ற அச்சம் ஏற்பட்டது. சோழமண்டலம் ஆர்த்தோ சொசைட்டியில் இது சாத்தியமாகுமா என்ற ஐயம் ஏற்பட்டது. இந்த வாய்ப்பு என்பது 15 அல்லது 20 ஆண்டுகளுக்கு ஒரு முறை தான் ஒவ்வொரு மாவட்டத்திற்கும் கிடைக்கும் அதனால் “Set Aside Ego / Team Alone Triumphs” என்ற கோட்பாட்டுன் களத்தில் இறங்கினோம்.

முதல் படி :

நல்லதொரு அணி ஏற்படுத்தினோம். மதிப்பிற்குரிய Patron மரு. திரு. பாண்டியன் அவர்கள் வழிகாட்டலுடன், மே.திரு. நீலகிருஷ்ணன், Organising Chairman, நான் மரு .திரு. நடராஜன், Organising Secretary, மரு.திரு. பாரதி

## ORGANISING COMMITTEE - TNOACON 2025

 <b>Dr. S Pandian</b> Patron	 <b>Prof. Dr. R NeelaKrishnan</b> Organising Chairman TNOACON 2025	 <b>Dr. C J Ravi</b> Organising Co-Chairman TNOACON 2025
 <b>Dr. S Natarajan</b> Organising Secretary TNOACON 2025	 <b>Dr. V Barathiselvan</b> Treasurer TNOACON 2025	 <b>Dr. G Santhosh Kumar</b> Scientific Chairman TNOACON 2025
 <b>Dr. S Elangovan</b> President, COS	 <b>Dr. M Balamurugan</b> Treasurer, COS	 <b>Dr. S Senthil</b> Secretary, COS

செல்வன், Treasurer மற்றும் மரு.திரு. சந்தோஷ்குமார் Scientific Chairman ஆகியோர் பொறுப்பேற்று களப்பணியை செம்மையாக ஆற்ற புறப்பட்டோம். எங்களுடன் எங்களுக்கு பேராதரவாக மரு. திரு. C.J. ரவி அவர்களும் Co-Chairman ஆக எங்களுடன் பணியாற்ற இசைந்தார். ஐவர் அணியாய் பாண்டவர் போல் புறப்பட்டோம்.

“இதற்கு தானே ஆசைப்பட்டாய் பாலகுமாரா”

“தியாய் வேலை செய்யனும் குமாரு” - இந்த வரிகள் தான் எங்கள் காதுகளில் ஒலித்து கொண்டிருந்தது.

### மாநாடு உருவான கதை :

ஒரு அழகிய கட்டிடம் உருவாக ஒரு Architect, ஒரு Structural Engineer, நல்ல Builder, Team Support, Electrical Engineer, Manson, Plumber, Interior designer போல பல தரப்பட்ட திறம் கொண்டவர்கள் இணை வேண்டும். அவ்வாறு நானும், பாரதியும் புயலாய் கிளம்பினோம் ஒரு தீபாவளி நன்னாளில், அவ்வாறு இடத்தை தேடி அலைந்த போது அழகிய பூங்காவனமாய் எங்களுக்கு அமைந்தது தான் எங்களுக்கு கிடைத்தது அழகிய சங்கமித்ரா. அப்போது நாங்கள் உணர்ந்தோம் சங்கமித்ரா எங்கள் அனைவரையும் ஒன்றினைக்கும் சங்கமமாக அமையும் என்று நாங்கள் உணர்ந்தோம். எங்கள் அனைவரின் தேவைகளையும் பூர்த்தி செய்யும் விதமாக அந்த சங்கமித்ராவும், மகிழ்வனமும் அமைந்தது.

1. இடம் - சங்கமித்ரா கன்வென்ஷன் சென்டர் மற்றும் மகிழ்வனம்
  2. Infrastructure - Mr. Stanley
  3. Audio Visual - Mr. Anand Peter
  4. உணவு - மாதம்பட்டி ரங்கராஜன்
  5. Entertainment – Proshark Event Mr. Imtiaz
- போன்ற சிறப்பான Team சேர்ந்து செயல்படுத்த விழைந்தோம்.

Scientific Chairman ஆக மரு.திரு. சந்தோஷ்குமாரின் பங்களிப்பு மிகப் பெரியதாகும். வயதில் மிகவும் குறைவான ஒரு துடிப்பும், இன்றைய தலைமுறைக்கு ஏற்ற செயல்பாட்டினை சிறப்பாக செய்யக் கூடியா ஒருவராக அவர் எனக்கு தெரிந்தார். அவர் நான் அளித்த பொறுப்பினை புரிந்து கொண்டு மிகச் சிறப்பாக செயலாற்றினார்.

முதல் முறை TNOACON 58-ல் Silent Hall ஏற்படுத்தினோம். Young Surgeons Forum, P.G. Teaching Course / App (செயலி) ஏற்படுத்தினோம். இவை எங்கள் சிறப்பு அம்சங்களாயின.

எங்கள் Theme

“Learn from Yesterday

Do it Right Today

Excel Tomorrow”

Theme based expert session செய்வதற்கு உதவியி் மூன்று கரங்கள்

மரு. Prof. ரமேஷ் சென்

மரு. Prof. கோவர்தன்

மரு. Prof. அசோக் கவாஸ்கர்

அவர்களுக்கு எங்கள் நன்றிகளை உரித்தாக்குகிறேன்.

ORATIONS	: 2	<b>1<sup>ST</sup> TIME IN TNOACON</b>
INTERNATIONAL FACULTY	: 9	THEME BASED EXPERT SESSIONS

மேலும் பிற சிறப்பம்சங்களாக தமிழ்பட்டிமன்றம், வள்ளுவமும் வாழிவியலும் தலைப்பில் சிறப்பு உரை, Health, Wealth management – Tips போன்றவை மாநாட்டின் சிறப்பிற்கு மேலும் மெருகூட்டியவை என்றே கூற வேண்டும்.

**கசப்பான உண்மை :**

முதலில் மாநாட்டினை நடத்த தேவைப்படும் பணம் / Funds சேர்ப்பதே மிகச் சிரமமான மற்றும் என் மனதிற்கு மிக அழுத்தம் அளிக்கும் விதமாக அமைந்த ஒரு விஷயமாகும்.

Pharma Companies Fund Sponsor செய்வதில் சிரமப்படுவதையும் பரிந்து கொண்டேன். எனக்கு புரிந்த காரமண் அவர்கள் வருடத்திய பல CME, Workshop போன்றவற்றிற்கு Sponsor செய்வதால், சிரமங்கள் உள்ளதாக அறிந்தேன். ஆனால் இறுதி சில நாட்களில் Funds சரியாக கிடைக்கப்பெற்றது எனக்கு நல்ல உத்வேகத்தை ஏற்படுத்தியது. உதவிய அனைவருக்கும் மனமார்ந்த நன்றிகள்.

**வரலாறு படைத்தோம் :**

இந்த மாநாடு எனக்கு நல்லதொரு அனுபவப்பாடம் கொடுத்து எங்கள் சோழமண்டலம் ஆர்த்தோ சொசைட்டிக்கு இந்த மாநாடு ஒரு வரலாறு படைக்கும் விதமாக எண்ணம் புதியது, செயல் புதியது, வரலாறும் புதியதாய் படைத்தோம் என்று சொன்னால் மிகையாகாது.

Dr. Balamurugan மற்றும் இதர

Executive Committee Members

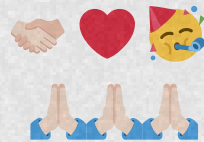

எங்களுடைய மாநாட்டின் அடையாளமே Robotic என்று சொல்லக்கூடிய "Robotic Workshop". எங்களது மாநாட்டு தேரை ஒரு Robo இழுப்பது போல் இருக்கும். நம்முடைய மாநாட்டு நுழைவு வாயிலில் இதை நாங்கள் பதிவு செய்திருப்போம். (ஒரு Robo இழுத்து செல்வது போன்று) இதில், பஞ்சபாண்டவர்களாகிய எங்களது சிந்தனையும், குழுவின் செயல்பாடும் மற்றவர்களின் பேராதரவும் இங்கே சிறப்பாக இருந்தது. ஊர் திருவிழாக்களில் ஊர் கூடி தேர் இழுப்பார்கள், அது போல இந்த மாநாட்டினை தொழிநுட்பம், Outsource Team இவைகள் தான் எங்களை மாநாட்டு தேரை இழுத்து சென்றது. இதர அணி உறுப்பினர்கள் தேவையான அளவு ஆலோசனை வழங்கி மனித செயல்பாடுகளை காட்டிலும், தொழில்நுட்பம் தான் இன்றைய காலகட்டத்தில் மிக சிறப்பாக இந்த மாநாட்டினை செயல்படுத்துவதற்கு உறுதுணையாக இருந்தது என்று சொன்னால் மிகையாகாது.

எங்களை வழி நடத்திய அனைவருக்கும் மனமார்ந்த நன்றிகளை உரித்தாக்குகிறேன்.

“Gratitude is the highest virtue, for even the heavens favor those who cherish it. My heartfelt thanks to you—may your kindness be repaid manifold, like a tree that gives shade to all who seek it.”

## BIG THANKS TO EVERYONE

Cuddalore

## TNOACON 2026 Report - Courtallam

Place: Tirunelveli

Date : 2026 February 13th to 15th

Respected members

We the members of Nellai ortho club are eagerly waiting for the days of the conference to celebrate your presence with family.

We are Exploring all possible ways to make this conference a memorable event.

As mentioned earlier the highlights are.

- 1.First ISO certified conference
- 2.First plastic free conference
- 3.First exhibition on history of orthopaedics
- 4.First family conference
- 5.Firzt conference with environmental and social concern And lot more

We expect.

Suggestions and guidance from the esteemed members to make it even more unique.

The success of the conference is based mainly on your presence with family

Mark the dates

Make your presence

We are eagerly waiting

Nellai ortho club

# TNOACON 2026 Report - Courtallam

## Highlights

- ★ First ISO certified conference
- ★ First plastic free conference
- ★ First family conference
- ★ First exhibition on orthopaedic history
- ★ First conference with environmental and social concern

## Welcome to TNOACON 2026

We extend our warm welcome to the esteemed members of Tamilnadu Orthopaedic Association for the 59th annual conference **TNOACON 2026** to embrace you with unique Nellai hospitality, academic excellence and cultural extravaganza.

Enjoy the conference in the laps of Pothigai hills adorned with flowing beauty of cascades of water scented with natural aroma and mesmerizing touches of gentle wind and drizzles.

We assure an unique and extraordinary conference which you could have never experienced before or will experience hereafter.

Have a break from your routine. Gather with your loved ones. Share and learn your science. Dance and sing merrily. Feed your taste buds with exclusive gourmet. It is going to be a festival of festivals.

Give us the joy of celebrating your presence.

## TNOACON 2027 Report - Yercaud

Join Us for the Diamond Jubilee – TNOACON 2027 at Yercaud!

Dear Esteemed Colleagues,

Greetings from the Midwest Ortho Society!

We are honored and thrilled to invite you to the 60th Diamond Jubilee Conference of TNOACON 2027, to be held from February 12th to 14th, 2027, at the beautiful Lions Convention Centre, Yercaud.

Join us in the serene and picturesque hill station of Yercaud for an unforgettable academic and cultural experience. TNOACON 2027 promises a rich academic feast featuring eminent regional, national, and international faculty, along with specialized workshops in Arthroplasty, Arthroscopy, Spine, and Trauma.

We've also curated a vibrant social experience – from multi-cuisine delights to cultural performances, including the beloved TNOA music band, ensuring every moment is memorable.

Meet the Organizing Team:

Patrons:

Dr. K. Prakasam, Dr. C. Sugavanam,

Dr. A.E. Manoharan, Dr. C. Kamalnathan,

Dr. K. Selvaraj, Dr. Manohar

Organizing Chairman: Dr. K. Meenakshi Sundaram

Co-Organizing Chairman: Dr. K. Mohanasundaram

Organizing Secretary: Dr. G. Premnath

Treasurer: Dr. Franklyn kiruba

Scientific Committee:

Dr. R.T. Parthasarathy, Dr. C. Rajkumar, Dr. Hari Sivanandam

Trade & Exhibition:

Dr. J. Manimaran

Registration Committee:

Dr. Karikalan, Dr. Naren, Dr. Satish, Dr. Sriram

Accommodation Committee:

Dr. S. Sivakumar, Dr. Aravind, Dr. K. Ravinchandran

Food & Entertainment:

Dr. G. Mayilvahanan, Dr. Suresh Kumar

Sports Committee:

Dr. K. Sivaraj

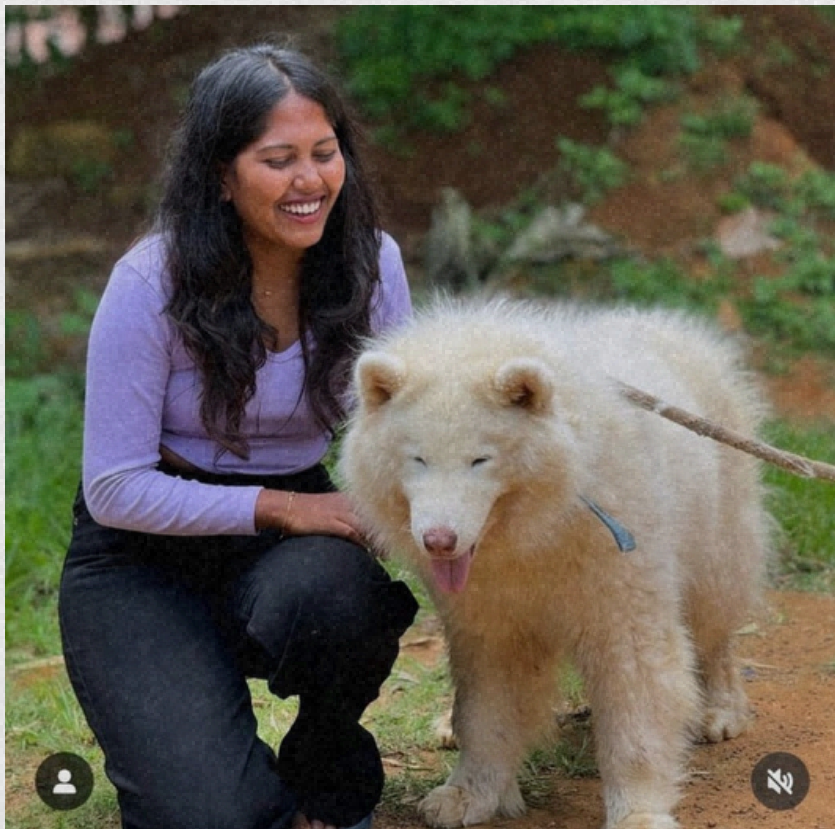

### Explore Yercaud – Where Nature Meets Tranquility

Yercaud, nestled in the Shevaroy hills of Tamil Nadu, is known for its calm climate, scenic landscapes, and welcoming charm. It offers the perfect balance of peace and recreation, making it an ideal retreat during the conference.

Make the most of your visit! Yercaud offers delightful sightseeing spots such as:

Yercaud Lake

Peeku Park—Petting Farm

Poppy Hills – Outdoor Adventure Park

Plazo Gaming Center & Paintball Arena and much more.

Whether you're coming with colleagues or your family, Yercaud has something to offer everyone.

We warmly welcome you to experience TNOACON 2027 – where knowledge meets nature, and learning blends with leisure. Come, join us with your families and let's make this milestone celebration truly unforgettable!

Looking forward to hosting you in Yercaud!

Warm regards,  
Team TNOACON 2027  
Midwest Ortho Society

## Report of TNOA Prof.TKS Mid Year Conference - 2024

TNOA MID-YEAR CON 2024 was organised by THIRUVARUR ORTHO CLUB on 20&21 July -2024

Venue -GS resorts ,Velankanni

Organising Chairman -Dr.A.PALANIVEL

Organising Secretary-Dr.S.ABDUL HAMEED ANSARI

Treasurer -Dr.U.SURESH

- Total registrations were 388
- Dr.S.NATESAN Oration was given by -Prof.Dr.Mathew Varghese, NewDelhi
- Theme -Paediatric Orthopaedics
- Guest of honour -Dr.S.Pandiyan, Cuddalore
- Female faculty only session- first time in TNOA
- Tamil session - by 6 speakers
- TNOA music band was organised
- PG free paper & Poster were organised
- PGs were given free accommodation

## Report of TNOA Prof.TKS Mid Year Conference - 2025

TNOA Prof TKS Mid-Year CON – 2025

Date: 19–20 July 2025

Venue: Hotel Breeze Residency, Trichy

Theme: UPPER LIMB – Learning Intricacies, Mastering Basics

### CONFERENCE OVERVIEW & WELCOME

The Tamil Nadu Orthopaedic Association (TNOA), in association with the Indian Orthopaedic Association (IOA), Trichy Orthopaedic Society (TOS), and OASIS, proudly presents the TNOA Prof TKS Mid-Year CON 2025. Scheduled for July 19–20, 2025, this academic extravaganza will take place at the vibrant Hotel Breeze Residency, Trichy.

With the theme 'Upper Limb – Learning Intricacies, Mastering Basics,' the conference aims to provide deep insights into upper limb orthopaedics through scientific sessions, workshops, and engaging panel discussions.

For the first time, the conference will feature internationally renowned speakers, elevating the academic standards and opening avenues for global knowledge exchange.

We have introduced surgical techniques that will be displayed throughout the conference, offering attendees an immersive learning experience. Additionally, Best Paper Award and Best ePoster Award categories have been introduced to recognize and encourage academic excellence.

#### Welcoming Messages

Dr. K. Balasubramanian, Organising Chairman

It is with immense pride and anticipation that we welcome you to Trichy for the Mid-Year Conference 2025. This meeting will set new benchmarks with innovative content, international faculty, and hands-on learning for all.

Dr. J. Terrence Jose Jerome, Organising Secretary

This year, we are bridging global excellence with local expertise. From cutting-edge sessions to live demonstrations, we've curated a truly enriching experience for residents and consultants alike.

Dr. Ramesh Prabu, Scientific Committee Chairman

The scientific programme this year is meticulously designed to ensure high-impact learning. From pediatric fractures to shoulder scopy drills, expect nothing short of brilliance.

Dr. Rajkumar, Treasurer

We've ensured that your stay, learning, and networking are seamlessly taken care of. Join us for a weekend of knowledge, skill-building, and camaraderie.

## Conference Overview

The Tamil Nadu Orthopaedic Association (TNOA), in association with the Indian Orthopaedic Association (IOA), Trichy Orthopaedic Society (TOS), and OASIS, proudly presents the TNOA Prof TKS Mid-Year CON 2025. Scheduled for July 19–20, 2025, this academic extravaganza will take place at the vibrant Hotel Breeze Residency, Trichy.

With the theme 'Upper Limb – Learning Intricacies, Mastering Basics,' the conference aims to provide deep insights into upper limb orthopaedics through scientific sessions, workshops, and engaging panel discussions.

For the first time, the conference will feature internationally renowned speakers, elevating the academic standards and opening avenues for global knowledge exchange.

We have introduced surgical techniques that will be displayed throughout the conference, offering attendees an immersive learning experience. Additionally, Best Paper Award and Best ePoster Award categories have been introduced to recognize and encourage academic excellence.

## SCIENTIFIC HIGHLIGHTS & ACTIVITIES

### ◆ Scientific & Academic Highlights

- Carpal Instability – evaluation, classification, and surgical management strategies.
- Carpal Bone Fractures and Dislocations – updates on diagnosis, fixation techniques, and outcomes.
- Distal Radius, DRUJ, and TFCC – modern concepts and controversies.
- Hand Fractures and Dislocations – evidence-based approaches and fixation techniques.
- Proximal Humerus Fractures and Dislocations – current strategies and new implants.
- Elbow Fractures, Dislocations, and Instability – stepwise approach to complex elbow trauma.
- Forearm Fractures – management of isolated and complex patterns.
- Paediatric Orthopaedics Special Session – Topics include: neglected Monteggia fractures, adolescent radial neck fractures, supracondylar and lateral condyle humerus fracture management, and TRASH lesions of the elbow.
- Oncology – focused deliberations on bone tumors and limb salvage.
- Shoulder Arthroscopy & Advanced Techniques – with dedicated scopy skill drills.
- Women in Orthopaedics – a dynamic platform to celebrate leadership, mentorship, and empowerment.
- Tamil Karutharangam – engaging discussions in Tamil on regional challenges and solutions.
- Trauma Updates and Current Concepts – focused updates and evidence-based discussions on trauma management.
- How I Do It? – expert faculty sharing their personal surgical techniques and step-by-step approaches.
- Roundtable Discussion & Case-Based Analysis – interactive sessions that promote critical thinking through real-world clinical cases.
- Brachial Plexus and Peripheral Nerve Injuries – latest in diagnostics, surgical repair, and outcomes from leaders in the field.

### Skill-Building Workshops for Postgraduates

- Piglet Tendon Suturing Workshop – hands-on microsurgical training for fine motor skills.
- Synthes Bone Workshop – implant familiarity and fracture fixation on synthetic models.
- Cadaver Lab – anatomical dissections and practical exposure to approaches and fixation methods.
- Shoulder Arthroscopy Drill Station – scopy training and instrumentation techniques.

### Social & Cultural Activities

- Grand Banquet Dinner – featuring sumptuous local cuisine and entertainment.
- Fellowship Evening – informal networking and camaraderie celebration.

### ★ A Must-Attend Meeting of 2025!

With its perfect blend of academic depth, surgical skill-building, global perspectives, and cultural immersion, the TNOA Prof TKS Mid-Year CON 2025 promises to be the highlight of the year for every orthopaedic surgeon and postgraduate trainee.

 Mark your calendars and register now!

Limb) and Senior Lecturer University of Moratuwa,  
Sri Lanka Academic Status / Lecturer, Flinders  
University South Australia

## SKILL-BUILDING WORKSHOPS FOR POSTGRADUATES

- **Cadaveric Workshop:**  
Common Orthopaedic Exposures in the Upper Limb  
Date & Time: 18<sup>th</sup> July 2025 | 1:00 PM – 4:00 PM  
Venue: Government Hospital, Trichy

### Other Workshops

Date & Time: 19<sup>th</sup> July 2025 | 5:00 PM – 6:00 PM  
Venue: Hotel Breeze Residency, Trichy (Conference Venue)

- Shoulder Arthroscopy (Alex model)
- Tendon Suturing (Piglet)
- Saw Bone Model Workshop: Proximal Humerus Multilock Nailing

## SOCIAL & CULTURAL ACTIVITIES

- Grand Banquet Dinner  
featuring sumptuous local cuisine and entertainment.
- Fellowship Evening  
informal networking and camaraderie celebration.

## A MUST-ATTEND MEETING OF 2025!

### **Proud Moment for TNOA at ISAKOS 2025 – Munich, Germany**

Four of our TNOA members have brought pride and recognition to our association at the ISAKOS Congress 2025 held in Munich:

- Dr. Soundar Rajan Dhanasekar (Ganga Hospital) – JISAKOS Excellence in Authorship
- Dr. Bhupesh Karthik (Hosur) – the Prestigious Gary G. Poehling Award
- Dr. Girinivasan Chellamuthu (Ortho One Hospital) – JISAKOS Excellence in Authorship, Young Investigator Scholarship & Translational Research Grant
- Dr. Madhan Jeyaraman (Chennai) – Young Investigator Scholarship

EDITORIAL

Shanmuganathan Rajasekaran  
2025 ISSLS Wiltse Lifetime Achievement Award

Dino Samartzis, DSc,\* Robert Gansburg, MD, PhD,\*<sup>1</sup> and  
Jill Urban, PhD<sup>2</sup>

BACKGROUND AND EDUCATION

Dr. Shanmuganathan Rajasekaran, Raja as he is popularly known (Figure 1), was born in 1958 in the quiet rural village of Magadindukavadi, Salem, India. From these humble beginnings, he embarked on a remarkable journey that would leave an indelible mark on the global landscape of spine surgery and research. He completed his early education in Coimbatore, India, before pursuing orthopedics at the esteemed Madras Medical College, Chennai, India. He earned his MS in Orthopedics in 1987, being trained under Prof. T. K. Shanmuganathan and Prof. S. Sundarapandian, 2 doyens of Indian orthopedics. Following, he then traveled to the United Kingdom for advanced training. Dr. Rajasekaran obtained the FRCS (Edinburgh) in 1989 and MCh in Orthopedics from the University of Liverpool, UK in 1990. He also earned a PhD from The Tamil Nadu Dr. MGR Medical University in India in 2000 for a highly cited study on the natural history of spinal tuberculosis and progression of kyphosis in children. In 2010, he was awarded the Honorary Fellowship of the Royal College of Surgeons of England.

GANGA HOSPITAL

Ganga Hospital was started in a 17-bed hospital in 1978 by his parents, Dr. J. G. Shanmuganathan, an anesthesiologist, and Mrs. Kanakavalli Shanmuganathan, who with her strong innate administrative skills powered the growth of the hospital through its various expansions (Figure 2). In 1992, on his return to India, Dr. Rajasekaran established the Department of Orthopedics, Trauma, and Spine Surgery at Ganga Hospital. Along with his brother, Dr. S. Raja Sabapathy, a renowned plastic surgeon specializing in hand surgery, they converted Ganga Hospital into a specialty hospital for the two specialties of orthopedics and plastic surgery. The hospital has grown into one of the largest specialty hospitals in South Asia, with 650 beds and 40 operating theatres, having performed 32,460 major surgeries in 2024 and attracting trainees for short- and long-term fellowships worldwide (Figure 3). Being focused on the specialty helped the Unit to invest in entire human and financial resources into orthopedics and achieve international standards of care with excellent clinical outcomes. The development of a very skilled and dedicated team with expertise in all fields of orthopedics and their ability to provide state-of-the-art treatment at affordable cost allowed rapid growth of the unit. The cost of treatment was made affordable by maintaining a high-performance work culture, effective utilization of resources, and integrating charity and social commitment into their everyday work. They also actively partnered with many affluent patients and service organizations to set up a series of social service projects that allowed free surgeries for hundreds of patients every year. Their model of "low-cost high-quality" care (<https://share.hs-ni.org/produkt/ganga-hospital-building-a-culture/M00308>) has won many recognitions, including the "Walter Blount Humanitarian Award" from the Sclerosis Research

Editorial

Figure 3. Ganga Hospital which started as a 17-bed hospital was initiated to a specialty hospital for Orthopedic and Plastic Surgery in 1992. Following 4 expansions, the hospital now has 650 beds and 40 operating theatres for the 2 specialties. With an outpatient attendance of more than 150,000 and 32,460 major surgeries in 2024, it is now one of the largest orthopedic centers in South Asia.

dislocation leading to global instability in diseases of the anterior column. He popularized the posterior-only approaches for spinal tuberculosis and also the "closing opening wedge osteotomy" to correct gross post-traumatic kyphotic deformities. A novel classification for kyphosis to guide a posterior-only approach for kyphotic deformities was also published by him in the *Journal of Bone and Joint Surgery (JBJS)* in 2018.

In early 2000, Dr. Rajasekaran established the Ganga Research Center for Basic Science Studies with a large personal donation. This center was subsequently recognized as an "Advanced Center for Low Back Pain and Spinal Disorders" by the Department of Biotechnology, Government of India (Figure 5). The clinical and basic science teams have formed an excellent example of bench-to-bedside and also bedside-to-bench research with great success.

Dr. Rajasekaran was the first to document the in vivo nutrient diffusion into human discs using gadolinium-enhanced MRI, revealing slow solute transport with key implications for disc degeneration (ISSLS Prize 2004). He developed the "Total Endplate Damage Score" to assess degeneration risk and proved pharmacological modulation of nutrient diffusion using calcium channel blockers (EuroSpine Open Paper Award 2008). He studied the effects of mechanical pressure on the scoliotic disc by both diffusion techniques and cytology and proved that even moderate amount of both compression and distraction forces have significant effect on disc health (ISSLS Prize 2010). By radiologic and histopathologic studies, he disproved the longstanding belief that annular rupture is the primary mechanism of disc herniation; instead, it showed that endplate avulsion is the more common failure mode (ISSLS Prize 2013). He employed next-generation sequencing and proteomics to identify bacterial proteins and associated human defense response proteins in degenerated discs, offering the first evidence of subclinical infection and immune response within discs (ISSLS Prize 2017). In a later study, his group disproved the common belief that human discs were sterile in health and

demonstrated the presence of a disc microbiome even in Pirmann 1 discs harvested from brain-dead or gun donors. They also demonstrated the phenomenon of "dyshomeis" in degenerative conditions, revolutionizing the understanding of disc health and disease (ISSLS Best Presentation Award 2021). He developed the "Disc-Endplate-Bone Marrow Complex Classification," defining the disc, the adjacent endplate, and the subchondral bone as a unified anatomic and functional unit and proposing new insights into Modic changes and their inflammatory underpinnings. In other unique research utilizing MR spectroscopy, his group demonstrated for the first time that lactate, typically a waste product, can act as an alternative energy source in healthy discs under physical stress (ISSLS Prize 2023). Recently utilizing FLASH sequence to study the cartilage endplate, his team showed that changes in cartilage endplates preceded changes in bony endplate and proposed an "Integrated Total End Plate Score" that had a high correlation to disc degeneration (ISSLS Prize 2025).

His team has performed many cutting-edge research

Society in 2015 and also has been taken up as a case study by the Harvard Business School (<http://hbsp.harvard.edu/product/M00308-PDF-ENG>).

RESEARCH ACCOMPLISHMENTS

Dr. Rajasekaran is an influential spine researcher, known for breaking ground in areas previously unexplored in India and the developing world. When he began his career, spine research infrastructure was nonexistent in his region, and funding opportunities were scarce. Undeterred, he established a self-funded research ecosystem that has since garnered international acclaim, pioneering several novel concepts in disc degeneration, spinal infections, biomechanics, and spinal tuberculosis. His *Handset of SS*, with over 12,500 citations, reflects the global impact of his work. Stanford University recently ranked him in the top 2% of scientists worldwide for contributions to the medical literature. Before are some of his significant research contributions to the field.

Dr. Rajasekaran's initial research was mainly clinical and concentrated on spinal tuberculosis, which was and is still a major social problem in India. He published the longest clinical follow-up of more than 15 years of childhood spinal tuberculosis and described the "Spine at Risk" signs for progressive kyphosis in children. Working with Dr. Raghu Natarajan at the Department of Orthopedic Surgery at Rush University in Chicago, he developed an FEM of pediatric spine and described the occurrence of "Buckling Collapse" when facet joints dislocated during progressive kyphosis in children. Combining clinical follow-up and biomechanical studies, he performed unique bench-to-bedside research that proved that the growth of the endplates of a vertebra obeyed a "Chondral Growth Force Response Curve" and not the Hunter-Volkman law as was commonly believed. This research earned him the prestigious "Hunterian Oration of the Royal College of Surgeons of England" for the year 2011 (Figure 4). He was the first to promote the concept of functional failure of the posterior column by facet joint

Figure 2. Parents of Dr. Rajasekaran—Dr. J. G. Shanmuganathan and Mrs. Kanakavalli Shanmuganathan who established Ganga Hospital. Dr. S. Rajasekaran and his brother Dr. S. Raja Sabapathy, a renowned plastic surgeon.

Spine • Volume 50, Number 11, June 2025

Figure 5. The Ganga Research Centre was established to foster collaborative research between clinicians and basic scientists. With advanced facilities for proteomics, genomics and metabolomics, the research output from the centre has won many international awards.

in inflammation in the disc and its role in disc degeneration, which earned them the NASS-TSJ Outstanding Paper Awards for 4 years—2019 to 2022.

PROFESSIONAL AND ACADEMIC LEADERSHIP

Dr. Rajasekaran's leadership extends beyond academic and surgical excellence. He has held top positions in nearly every significant spine and orthopedic body globally. He was the President of ISSLS (2011–2012), President, SSCOT (2016–2018), Chair, AOSpine Research Commission (2015–2017), President, Cervical Spine Research Society–Asia Pacific (2017–2018), President, Asia Pacific Spine Society (2021–2023), and Chair, AOSpine International Board (2018–2020). On the national scene, he was President of the Association of Spine Surgeons of India (2008–2012) and President of the Indian Orthopedic Association (2011–2012).

Dr. Rajasekaran currently serves as Editor-in-Chief of the *Indian Spine Journal*, and has previously held deputy editorships at *JBJS (USA)*, *Spine*, *Global Spine Journal*, and *European Spine Journal*. In his capacity as a global leader, he promoted research by instituting research awards in the Association of Spine Surgeons of India, the "SICOT Research Academy" for supporting researchers in low-resource regions. During his tenure in AOSpine as the Chair of the International Research Commission, he established the AOSpine Mentor-Mentee Research Program, connecting global centers in multicenter spine trials. He also spearheaded the international Global Spine Diploma program of the AOSpine that formalized spine surgery training and accreditation globally.

COMMUNITY OUTREACH

Despite his towering stature in global spine surgery, Dr. Rajasekaran's greatest legacy may lie in his compassion. He has always believed that access to quality spine care is a "basic human right" and not a privilege. At a time when complex spinal surgery was accessible only to a few in India, he built a low-cost, high-quality model that performs even the most sophisticated surgeries for as little as \$1500 USD. Nearly 30% of these surgeries are per-

formed free or at subsidized cost compared with other centers in the country (Figure 6). He initiated many important social impact projects such as—"Project Helpline" (Help for the Helpline), "Project SWASAM" ("New Breath of Life"), "Project Straight Spine"—dedicated to scoliosis and deformity correction, and the Project "Plasda to Give" (encouraged every IOA member to perform one free surgery annually. Since 2012, this resulted in over 8000 free surgeries).

Spine Deformity

Figure 6. In the developing world, many patients neglect treatment for want of resources. Project "Straight Spine" allowed corrective deformities for \$1500 USD. The low cost allowed many of the surgeries to be sponsored by grateful wealthy patients and social service organizations which has allowed corrective surgeries in large numbers.

Figure 7. The Ganga Spine Injury Rehabilitation Centre not only offered free care for poor patients with spinal cord injury but also rehabilitated them and even promoted paralympic training which allowed many of their patients to win national and international medals. Above are 2 patients who were the proud recipients of medals in Asian and National games.

Dr. Rajasekaran also founded the Ganga Spine Injury and Rehabilitation Centre, a 33-bed facility dedicated to spinal cord injury recovery. Funded in large part by personal donations and Rotary Clubs of Coimbatore Central and Saicay, the center offers free care and has helped over 2000 patients reintegrate into society, with several winning medals in national and international para-sport events, including the Asian Games (Figure 7).

#### AWARDS AND ACCOLADES

Dr. Rajasekaran's outstanding achievements have been honored with numerous national and international awards—many of which are milestones in spine care innovation. He has won the prestigious ISSLS Prize 6 times and the NASS-TSJ Outstanding Research award continuously for 4 years, from 2019 to 2022. Apart from the EuroSpine Open Paper Award in 2008 and the Asia Pacific Spine Society Awards, he has also been awarded numerous national awards, including the Dr. B. C. Roy Silver Jubilee

Research Award and the Hari Om Ashram Alembic Research Awards of the Medical Council of India.

#### FAMILY/PERSONAL LIFE

Behind the accolades, research, and global leadership, Dr. Rajasekaran remains a man deeply rooted in family, tradition, and humility. He often speaks of the integral role his family has played in supporting his journey—from his formative years through the most demanding phases of his career. He has never hesitated to recognize gratefully the good upbringing by his parents, the value of the mentorship that he had from his surgical mentors, the powerful support that he had from his wife, the great contribution of his professional team, and the support and trust of his patients and society.

Dr. Rajasekaran is married to Mrs. Rama Rajasekaran, a fine arts specialist by education but who took up hospital administration as a profession (Figure 8). She has been instrumental in several of the community outreach

Figure 8. Family photograph with wife Rama and daughter Minakshi and son Raja Bhaskar.

projects initiated at Ganga Hospital, including the establishment and development of the Ganga Spine Injury and Rehabilitation Centre. Her passion for patient care and service to the underserved mirrors her husband's values, making them a remarkable team in both personal and professional spheres.

They are proud parents of 2 children—a daughter, Minakshi, a content writer and hospital administrator, and a son, Dr. Raja Bhaskar, an orthopedic surgeon specializing in joint replacements and musculoskeletal oncology. His son is now a consultant at Ganga Hospital, ensuring that the legacy of clinical excellence, innovation, and compassion continues into the next generation.

The Rajasekaran family thus represents a "rare" example of a multigenerational commitment to advancing orthopedic care in India and globally.

#### LEGACY AND VALUES

Dr. Rajasekaran's story is one of resilience, vision, and a profound belief in equitable care. His work has not only shaped spinal surgery but has inspired a generation of surgeons, researchers, and health care providers to serve with purpose. He has personally mentored over 350 spine surgeons from 21 countries and led thousands more through educational programs, live operative workshops, and fellowships across the globe.

Above all, Dr. Rajasekaran is a man of deep personal values. He credits much of his success to the unwavering support of his family and considers his role as a husband, father, and grandfather as his most cherished. Despite global recognition, he remains grounded in humility, guided by the same values that propelled him from a small Indian village to international renown. The ISSLS Wilsey Lifetime Achievement Award is a fitting tribute to a man whose contributions have transcended science, touching lives and reshaping the future of spinal care as well as research across the globe.

### Mentorship Program

The Mentorship Program pairs established members of the peripheral nerve community with young faculty, fellows, and residents to provide them with the unique opportunity to gain experience from seasoned veterans.

The Mentorship Program is a 1-year time commitment for both mentors and mentees. Recommended activities for the 1-year period include meeting at the **ASPEN Annual Meeting**, phone and email exchanges throughout the year, and connecting at affiliated meetings when possible. Reminders are sent throughout the year to encourage regular communication between mentors and mentees.

**Application deadline has passed...**

### ASPEN 2025 Mentorship Program Matches

Summarize this email

Dear [redacted] and Terrence Jose Jerome Joseph:

Congratulations – you have been matched by the ASPEN Mentorship Committee as a Mentor/Mentee pair for the 2025 Mentorship Program cycle! Please feel free to begin communicating immediately!

Contact information is provided below. Goals for the program are up to you, and we hope that you will plan to communicate regularly throughout the program cycle in person when possible, and by email, phone, Zoom, etc. ASPEN staff will send prompts by email to remind you to connect when you can.

**Mentor: Terrence Jose Jerome Joseph**

Email: [terrencejose@gmail.com](mailto:terrencejose@gmail.com)

CV: [http://peripheralnerve.org/forms/uploads/Terrence Jose Jerome.CV\\_1728908149.docx](http://peripheralnerve.org/forms/uploads/Terrence%20Jose%20Jerome.CV_1728908149.docx)

Preferred Method: anything

**2025 ASPEN ANNUAL MEETING PROGRAM HIGHLIGHTS**

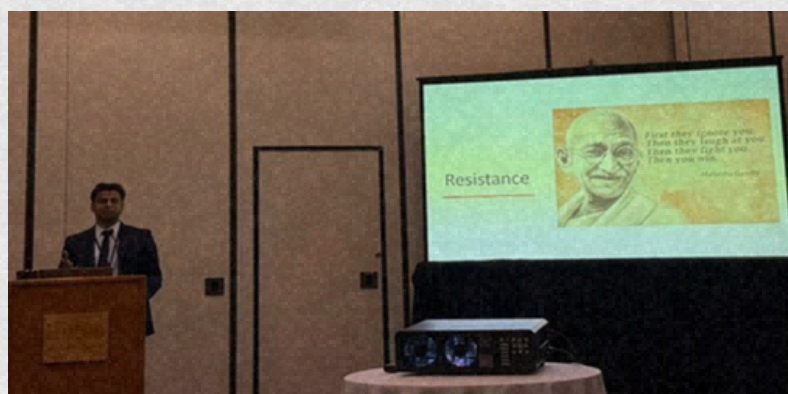

**Sunday 19th of January**

**SUNDAYS HIGHLIGHTS**

**ASPEN INSTRUCTIONAL COURSE**  
07:00 AM - 08:00 AM  
Moderator: Douglas Rees  
Topic: Social media for nerve educators  
Panelists: Maria Saffari, Amber R. Lutz, Terrence Jose Jerome

**ASPEN INSTRUCTIONAL COURSE**  
10:45 AM - 11:45 AM  
Moderator: Allan J. Beldberg  
Topic: Sciatic Nerve Injuries - Nihilism vs. Complex Reconstruction  
Panelists: Thomas H. Yang, Sara H. Tuffaha, Mitchell Senzys, John H. Felder

**ASPEN BUSINESS MEETING**  
12:45 PM - 02:00 PM

Dr. J Terrence Jose Jerome ASPN- First Indian Speaker

Dr. J Terrence Jose Jerome Indian Journal of Orthopedics –Guest Editor

Dr.J.Terrence Jose Jerome - Best Teacher Award

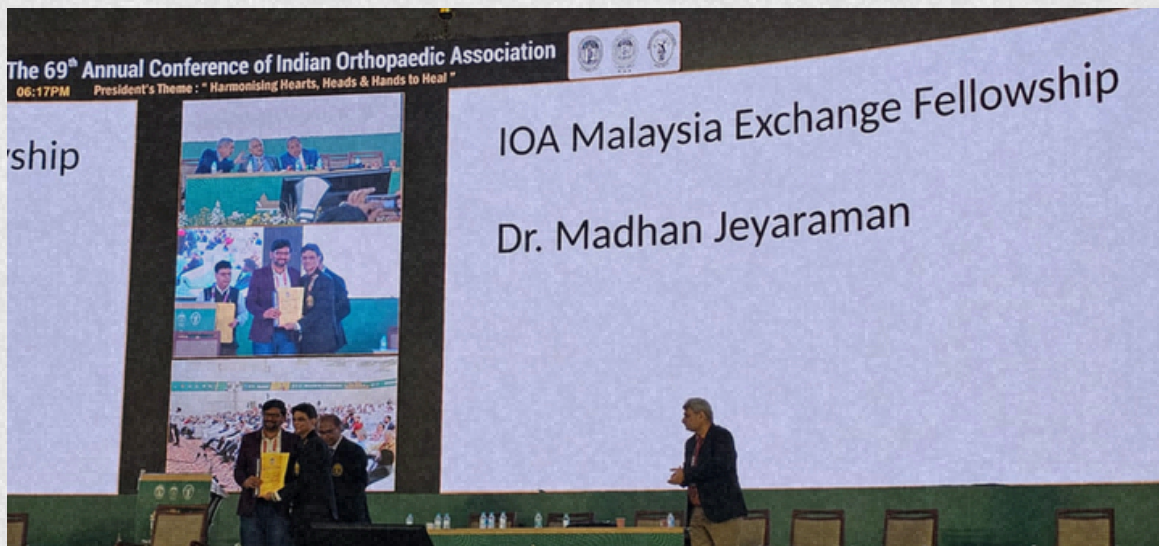

Dr. J Terrence Jose Jerome Teacher at Milan university, Italy

Dr.J.Terrence Jose Jerome - Japan Orthopedic Annual Meeting

Dr Madhan awarded IOA Malaysia exchange fellowship

Dr Satish Kumar awarded KT DOLHAKIA gold medal award

Dr.Madhan Jeyaraman - Best Clinical Research Award for “Comparative Study of Autologous Bone Marrow Aspirate Concentrate VS Stromal Vascular Fraction In Primary Osteoarthritis Knee”, SICOT 2025, Madrid, Spain

**SICOT**

Re: 2025 SICOT Research Awards - Best Clinical Research Paper

Dear Dr. Jeyaraman,

On behalf of the President of the *Société Internationale de Chirurgie Orthopédique et de Traumatologie*, Prof. Vikas Khanduja, I am pleased to inform you that your paper "Comparative Study of Autologous Bone Marrow Aspirate Concentrate VS Stromal Vascular Fraction In Primary Osteoarthritis Knee" has been selected as the winner of the 2025 SICOT Research Awards - Best Clinical Research Paper.

We warmly congratulate you and hope that your participation to the 45<sup>th</sup> SICOT Orthopaedic World Congress in Madrid (Spain) from 3 to 5 September 2025 will be a fruitful experience.

Dr.Madhan Jeyaraman - Delivered a faculty talk in Indian Association of Age Management, April 2025, New Delhi

Dr.Madhan Jeyaraman - Delivered faculty talk and participated in panel discussion in Delhi Orthobiologics Course, May 2025, New Delhi

Dr.Madhan Jeyaraman - Delivered a talk on Evidence based Orthobiologics in NEXTGEN Orthopaedics, May 2025, Madurai

### Best Editor of Journal of Clinical Orthopaedics and Trauma

**Journal of Clinical Orthopaedics and Trauma** An Official Publication of Delhi Orthopaedic Association [Submit](#) [Log in](#) [Register](#)

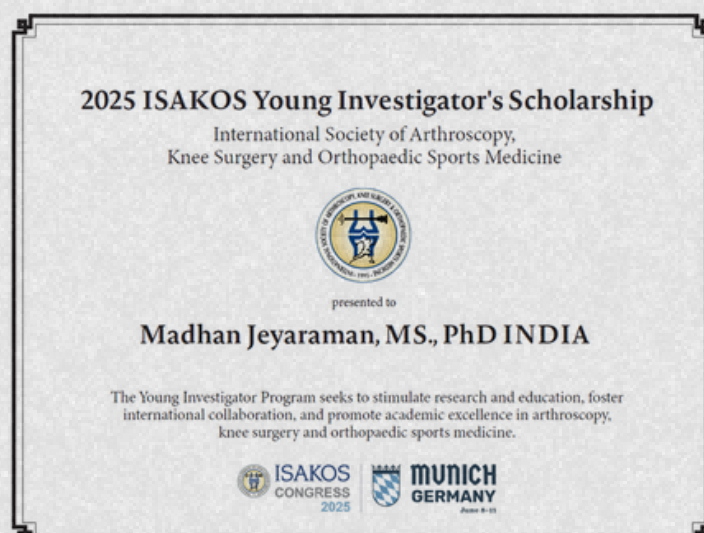

---

**Best Editor of the Month**

Dr Madhan Jeyaraman., MBBS., MS (Orthopedics), FIRM (Regenerative Medicine), FEIORA (Orthopaedic Rheumatology), FASM (Arthroscopy and Sports Medicine), FROSM (Regenerative Orthopaedics and Sports Medicine) is working as Associate Professor in Orthopaedics, ACS Medical College and Hospital, Chennai, Tamil Nadu. He completed a PhD in Stem Cell and Regenerative Medicine at Sharda University, Delhi-NCR. He has completed various fellowships - Orthopaedic Rheumatology, Regenerative Medicine, and Orthobiologics. Dr Jeyaraman has won multiple awards nationally and internationally in Regenerative Orthopaedics. He won various Gold Medals in the field of Platelet Rich Plasma therapy and Stem Cells in musculoskeletal disorders. He has published 400+ research publications in National and International journals.

Dr.Madhan Jeyaraman Received 2025 ISAKOS Young Investigator's Scholarship, Munich, Germany

**Elavated to Higher Post**

**Prof.P.V.Vijayaraghavan**  
**President IOA 2022 - 2023**

TNOA is proud to announce that Prof.P.V.Vijayaraghavan, Past President of TNOA has been declared to be the President IOA of the year 2022 - 2023 as per court orders. He will continue to hold the post of Past President till 2025 December.

## Elavated to Higher Post

### Members Elected in National societies

#### Spine - ASSI

- Dr Karthik Kailash – MISSAB President
- Dr Appaji Krishnan - General Secretary
- Dr Phani Kiran Executive Committee Member
- Dr Sudhir Co Chair of Indian Spine Journal
- Dr Muralidharan Co Chair of Fellowship and Education Committee
- Dr Parthasarathy Co Chair of Scientific Committee
- Dr Dhillon Member Web site committee
- Dr Aju Bosco Member website committee
- Dr Subramanian member ISJ reviewer and editorial board

#### Indian Arthroscopy Society

- Dr Ram Chidambaram – EC Member
- DR Sassender Shanmugasundaram – EC Member

#### Indian Cartilage Society

- Dr Navaladi Shankar – Secretary
- ICRS – committee member

Dr. M. Siva Kumar, Namakkal  
President, Indian Medical Association, Namakkal Branch

Dr. B. Bhupesh Karthik, Hosur  
Vice-President, Tamil Nadu Arthroscopy Society  
Vice-President, Indo European Arthroscopy Arthroplasty Foundation  
Vice-President, Indian Medical Association, Hosur Branch

Dr.SR Sundarajan elevated as Vice President of Indian Arthroscopy Society

President elect 2027 Association of spine surgeons of India (ASSI)

Dr karthik kailash taking over as president of ASSI

OASIS honour for senior member from Tamilnadu will be awarded to Dr.Gulam Mohideen former HOD and Professor of Orthopedics Govt Tanjore Medical College  
Prof.N.Thanappan is the Editor in Chief of JOASIS the official journal of OASIS.

## **Minutes of the 2nd EC Meeting conducted on 29/06/2025 in Oasis Advanced CME-Tumkur - at Viva fernleaf Resort Tumkur Karnataka**

Opening address was given by President Dr Vasudevan

Obituaries were announced and silent prayer was observed

Presidential address was given by Dr.Vasudevan

New members were introduced by the secretary - Since the demise of our member Dr.Nalli yuvaraj , the post of vice president-2 has to be replaced by the new person whose term and post shall remain the same as of Dr Nalli . Tamilnadu Orthopaedic Association has nominated Dr.Sivakumar from Madurai to replace Dr.Nalli's post as VP-1.

Dr.Aswani kumar singh from Karnataka was also welcomed as he will be inducted VP2 in the forthcoming OASISCON 2025

Secretary read out the activity report of OASIS for the year till date

Treasurer gave his report where he mentioned all states except Andhra pradesh, Telangana and Popndicherry have paid their new members subscription fees to OASIS. Secretary was appraised to contact the unpaid states and get the dues cleared ASAP.

As It was suggested by the president previously, an OASIS SESSION shall be incorporated in all the state conferences so that the visibility of Oasis shall improve among the younger generation and PGS, it was appreciated that Karnataka & Tamil nadu states had already implemented this in their State annual conference this year. Other state's presidents & secretaries were also requested to implement this in due course. This suggestion was proposed by the EC to get it ratified in forthcoming AGM

The dates of OASISCON 2025 were decided as August 29, 30 and 31st of 2025 which will be conducted at Pondicherry. Dr.Vijayaraghavan gave a glimpse on the preparedness of OASISCON 2025 which will be held in Pondicherry He also extended the earlybird discounted registration of Rs.8000/- to all the EC members and for those who will register on this day at Advanced CME.

Also he announced that free accommodation will be provided to all the office bearers of OASIS who have registered for the conference.

IT committee and academic committee reports were read out by Secretary as both those committee chairpersons were absent.

Journal committee report was also read out by the secretary ( as the editor was absent), where he mentioned the Editor in chief without proper understanding or miscommunication from the previous editor, has placed an order for printing 52 colour copies of each issue of the journal with a cost of 4500/- per piece. The overall journal budget was amounting to around 4 lacs plus. But the EC reiterated that in the previous GBM it was decided to cut the cost of publishing our journal that only 10 copies of each issue shall be printed in Black & white only. The editor pleaded further that he was not aware and hence he has already initiated the printing and he can only reduce the numbers from 52 to 10, and he will print the 2nd issue in black & white. The EC passed this.

Secretary was not contacted by wolters kluwers for any of the approvals, hence secretary was asked by the EC to contact wolters kluwers and sort out the payment issue. No payment will be issued if the secretary is not informed about the progress and happenings with the journal & wolters kluwers.

Dr.Aneen kutty suggested that the journal committee should meet (online) at least twice in a year to discuss and exchange views so that such miscommunications doesn't happen again. EC approved for that.

Dr.Anil patil President of Karnataka orthopedic association suggested that some financial contribution be given to the respective states who will include OASIS session in their state conferences - The EC deliberated on this and decided that no financial support will be provided.

In any other matters, Dr.Aneen reiterated that many EC members and even office bearers are absent for the EC meetings chronically, few of them have not attended even a single meeting of OASIS, some action has to be taken for such members. - for which EC deliberated and concluded to sensitize members to attend at least one EC meeting and advanced CME & trauma conclave & OASISCON during their term, else the respective state should replace such post with an active member. This needs to be ratified in AGM.

Vote of thanks was given by the secretary And the meeting ended.

IOA Theme for the year 2025: “OLD is GOLD 360° care for Elderly Research  
Ensuring Mobility Dignity and Longevity”

### EC Members of IOA (From TN):

Prof.N.Manikandan - President TNOA

Prof.V.Thirunarayanan - Honorary Secretary, TNOA

Dr.Prahalad Kumar Singhi & Dr. Zubair Khan.

Members of Central Working Committee of IOA from Tamilnadu for the year 2025

TNOA received IOA AK Gupta Trophy (Best State Chapter Award) for four Consecutive Years 2016, 2017, 2018, 2019, 2020, 2021, 2022, & 2023 and IOA National Bone & Joint Day activities winner in 2018 and runner in 2019. As per the data of IOA CSRC, TNOA is the Largest State Chapter with 2061 life members.

## IOA Voters Verification

As already known to our members it is mandatory to verify their name to become an eligible voter for IOA elections the previous election this procedure was followed across the nation. From TNOA out of the nearly 2000 members 700 of our members completed the verification process which was little technically challenging. this year the verification process may begin shortly and the list of non verified members as per zone wise has been identified and for the perusal of our members has been published in this newsletter. I kindly request all our members who have to verify their names to consider this as priority and complete the verification process as soon as the process starts. TNOA office and all our EC members will be fully at the service of our members to help them complete the process smoothly.

**Seminar description**  
Please join us for an in-depth teaching and detailed discussion on the latest advancements in the evaluation, treatment, and management of two common spinal disorders – Spinal Infections and Spinal Trauma. This event, hosted by AOSpine, brings together renowned spine surgeons, researchers, and healthcare professionals to explain appropriate evaluation, current classifications, treatment principles, innovative surgical techniques, patient-centered approaches, and evidence-based practices. Participants will have the opportunity to engage in discussions, case presentations, and hands-on workshops, gaining insights into diagnosis, perioperative care, and understanding outcomes.

**Goal & objectives**  
• Evaluate the current classifications in managing simple and complex trauma of the spine starting from the upper cervical to the lumbosacral region.  
• Understand the different principles of evaluation and treatment methods of cervical and thoracic-lumbar fractures.  
• Manage the complications of surgical and non-surgical treatment of thoracic-lumbar fractures.  
• Analyze current surgical and non-surgical treatment options, including minimally invasive techniques, and understand their indications, contraindications, and outcomes for pyogenic spinal infections.  
• Apply evidence-based practices in diagnosis and management of patients with spinal tuberculosis.

**Target participant**  
• Orthopedic and Neurosurgery Spine Surgeons  
• Spine Fellows, Spine Residents, Orthopaedic Residents, Neurosurgeons

**Participants' contact**  
Pushkara Chavan

### Notable Achievements

#### Omandurar Medical college – Prof A Srinivasan Unit

##### Achievement - Department of Orthopaedics :

- Latest robotic system for knee replacement was provided as a goodwill gesture for utilising the latest cutting edge technology for the benefit of poor and needy patients approaching our hospital . Robotic assisted total knee replacement is done for the first time in government institute in our department of orthopaedics benefitting the patients and imparting hands on experience to the surgeons.
- In a groundbreaking achievement for medical innovation in Tamil Nadu, Department of Orthopaedics, Government Medical College Hospital, Omandurar Govt. Estate, Chennai successfully performed its first wrist arthroscopy procedure.
- This landmark event is expected to inspire further developments in the field of minimally invasive surgeries in government hospitals across Tamil Nadu, potentially benefitting countless patients who suffer from similar conditions.
- Department of orthopaedics has done tumour resection and reconstruction surgery with latest cutting-edge customized 3D-printed medical implants, significantly improving surgical outcomes and patient rehabilitation.
- Department of Orthopaedics in GMCOMU in the last couple of years has upgraded the services provided on par with corporate set up. Equipment and infrastructure has been purchased by funds from NHM, CMCHIS and institutionally available funds generously allotted by Dean.
- Orthopaedics Smart classroom setup for enhanced state of the art teaching methodologies to provide superior training to our undergraduate and postgraduate medical students.
- The inauguration marks a significant milestone in GMCH Omandurar's ongoing efforts to strengthen its healthcare infrastructure and provide accessible, high-quality medical services to the people of Tamil Nadu.

##### First Wrist Arthroscopic Procedure in Government Institute in Tamilnadu

## COS May- Rathna residency

### BOS Live Hand Surgery Symposium...

Done

Dear Colleagues,

Although, pathologies in the Hand are frequently encountered and treated by the general orthopaedic surgeon, the rate of revision surgery for recurrent triggering, persistent symptoms after carpal tunnel decompression, fixation of a distal radius fracture is in the range of 8-10%. With the goal of enabling improved outcomes in Hand Surgery, the Bombay Orthopaedic Society has compiled 15 surgeries performed by Master Hand Surgeons of India. Watching these surgeries live and interacting with surgeons in real time will not only benefit beginners, but also senior orthopaedic surgeons in obtaining better outcomes with common hand operations.

Regards,

Dr. Gautam Zaveri

President, Bombay Orthopaedic Society

**Prof. Elangovan Chellappa**

Prof. Elangovan Chellappa was a luminary and an icon of the Nellai Ortho Club. A Professor of Orthopedics of great repute at Tirunelveli Medical College and served in the capacity of Medical Superintendent at Tirunelveli Medical College from 2015 till his super-annuation.

He was a very renowned scholar of Tamil literature and has contributed immensely with his literary works of par excellence. He was an exemplary teacher for Undergraduates and post graduates with depth of knowledge and clinical acumen. TNOA has lost a pioneer in the field of Orthopedics, a poet, a prolific writer with rare quality of writing in both English and Tamil, an able and empathetic administrator, a friend, philosopher and guide for his students and colleagues.

Tamilnadu Orthopedic Association salutes his yeomen service to the society and expresses heartfelt condolences to the grieving family members and friends.

Though he has attained the lotus feet of the almighty and not with us physically his thoughts and deeds will always be remembered and cherished.

May his soul rest in peace

**Prof. Nalli R Uvaraj**

**A simple tribute to a legendary Orthopedic Surgeon**

From the heart of every member of Tamilnadu Orthopedic Association

A man of humble honesty and passionate perfection. A true task master with the heart of a lion but intricacies of a weaver bird, he was not only bound to succeed but also to live by his vision and light. If you stand right, he was bound to be with you and if you tread on the wrong path, he will prove to you what is right.

As one of the most skilled surgeons he has touched the lives of innumerable number of people, as a devoted teacher he has inspired his students, as a meticulous organizer of many a conferences and CMEs he has created unforgettable memories for Orthopedic Surgeons, as a leader of associations he has transcended scales with an unassuming integrity, his very presence induces an aura of positivity, his commanding language and judiciously phrased vocabulary has always been most impactful. His attributes are multi-faceted, of highest levels and has taken him to the epitome of success in all facets.

This great teacher and leader is not with us today but his humane touch, his inspiring life and all his contributions in the field of Orthopedics and Spine in particular will be eternal and continue to stay with us for many more generations.

His loss has created a huge vacuum that cannot be filled. His life is a true inspiration of great ethics and integrity that has created an indelible mark on every life he has been associated with.

"The best and most beautiful things must be felt with the heart" - Helen Keller

From today though beloved **Prof. Nalli R Uvaraj** will not be with us he will continue to touch our hearts as ever

**A few of the positions our beloved Prof. Nalli R Uvaraj held**

Head of Spine Unit - Institute of Orthopedics Madras Medical College  
TNOA Fellowship Secretary  
TNOA Editorial Secretary  
TNOA Secretary  
TNOA President  
OASIS Secretary General  
OASIS Vice President  
MOS President

He has been a beacon of light for TNOA and his contributions for Tamil Nadu Orthopedic Association runs into volumes.

A huge loss for TNOA which can never be filled

With utmost grief we salute this great man and pray the Almighty to let his soul rest in peace

**DR. N. DEEN MUHAMMAD ISMAIL**  
PRESIDENT - TNOA

Yours in TNOA Service,

With Regards,

Dr. A. Arul Prasianna

With immense sorrow and grief, TNOA is announcing the demise of one of the doyens of Tamilnadu Orthopaedic community Dr Muthuvelraj at around 1.50 PM on 3/11/24 .

Affectionately called as MVR sir, Dr Muthuvelraj is a highly respected Trauma and Joint Replacement Surgeon all over India.. He is a Leader by example who nourished and shaped the career of many orthopaedic surgeons in Tamilnadu.... Known for his Charisma and Charm, Dr MVR was a very famous personality among the public of Southern Tamilnadu Dr MVR by reacting God's Feet had left an irreplaceable void in the field of Orthopaedics and Arthroplasty and also is behind leaving a profound legacy of surgical excellence, compassion, and dedication to patient care.

Dr MVR was an alumni of Stanley and Madurai Medical College.. He started his professional career in Madurai Medical College and soon went on to establish his own empire " Madurai Institute of Orthopaedics and Traumatology" and popularized Pelvi Acetabular Surgery as well as Hip and knee Arthroplasty .... Hailed by his followers and students as the " Soft Tissue Surgeon" Dr MVR was known for his excellent surgical skills and meticulous soft tissue handling .. Over the past four decades he had not only saved the life of innumerable patient, but also made them Disability free in the society.

Dr MVR contributed a lot to TNOA by holding various positions in the office as well as President of MOS...Madurai Orthopaedic Society...He made a historical landmark in conducting TNOACON when he was the organising secretary of TNOACON held at Kodalkanal. Dr MVR Sir was deeply committed to advancing orthopedic treatment in Tamilnadu and he was always part of all kind of academic and scientific programs in and around Tamilnadu. He trained many young surgeons and always lived as a Role Model to all of them.

Dr MVR was a passionate sports lover and fitness freak. He remained as champion in all the badminton tournaments conducted by TNOA in its annual meeting.

Dr MVR apart from being a dynamic surgeon, was also known for his kindness, patience, and genuine Concern for the well-being of each patient.

He was like a God Father to his disciples by being a pillar of support not only in professional aspects, but also in their personal attitude development and career development.

Dr MVR had actively contributed to the growth of Orthopaedic Society of Madurai, Tamilnadu Orthopaedic Association (TNOA) and Orthopaedic Association of South Indian States (OASIS) in the past

He is survived by his family, who were his steadfast support and whom he cherished deeply.

Dr.MVR's passing away is a tremendous loss not only to orthopaedic world but also to the entire medical fraternity, and he will be missed forever by all who had the privilege to be associated with him. His life's work and dedication to improving others' lives will remain his lasting legacy.

TNOA expresses its heartfelt condolence and go out to his family, friends, colleagues, and many patients whose lives he touched.

May his soul rest in Peace under God's Feet

**DR.N.DEEN MUHAMMAD ISMAIL**  
PRESIDENT - TNOA

With Regards,

**DR.V.THIRUNARAYANAN**  
SECRETARY - TNOA

**Prof. Jayaraman: A Pillar of Orthopaedic Excellence in Salem**

Prof. Jayaraman has been one of the most respected figures in the field of orthopedics in Salem. After completing his MBBS and MS at Madras Medical College in 1980, he began his career in 1981 by joining the government service at Salem GH while also starting his surgical work at Gokulam Hospital. His dream of creating a hospital dedicated to orthopedics came true when he established Kurinji Hospital in 2003, which has become a cornerstone of orthopedic care in Salem.

Prof. Jayaraman was instrumental in starting the Midwest Ortho Society in 1985 along with five senior orthopedic surgeons and served as the founder secretary of the organization. He was the first to introduce AO implant fixation in the area, setting new standards for orthopedic treatment. His influence extended beyond his own practice, as he played a pivotal role in organizing two major orthopedic conferences in 1987 and 1998 at Yercaud. These events, where he served as organizing secretary, were not only academically successful but also brought the orthopedic community together in a way that was both educational and enjoyable.

During his career, Prof. Jayaraman mentored many young orthopedic surgeons, teaching them innovative surgical techniques. With over one lakh surgeries to his name, his dedication to his work was unparalleled. Even in his later years, he continued to care for his patients, never wavering in his commitment to their well-being.

In a family meeting held in December 2023, Prof. Jayaraman spoke passionately about the future of orthopedics, urging the next generation to continue advancing the field. He expressed hope that they would build on his legacy, ensuring the continued growth of orthopedic care. His words reflected his compassion for his colleagues and his deep support for their work.

Prof. Jayaraman's legacy is one of skill, dedication, and genuine care for others. He not only transformed the field of orthopedics but also worked tirelessly to support the future of medicine by starting paramedical courses at Kurinji Hospital. His impact will be felt for years to come, and his inspiration will continue to guide those who follow in his footsteps.

TNOA expresses its heartfelt condolence to his family, friends, colleagues, and many patients whose lives he touched.

May his soul rest in Peace

With Regards,

**Prof.S.Soundarapandian)**  
**04.07.1931 – 07.05.2025**  
**Past President 1983 - 85**

Prof SSP, as he is fondly called, is the fifth President of Tamil Nadu Orthopaedic Association (TNOA). He occupied the period between 1983 and 85 marking the reduction of the period of Presidency from three to two years. He had been one of the Founder Leaders of the TNOA and was present during the inauguration of the TNOA by Prof Robert Roaf along with Dr M Natarajan. He complimented the services of Prof T K Shanmugasundaram as a great teacher. He is still remembered for his clinical skills and surgical skills by his colleagues and juniors.

Dr. S.Soundarapandian completed his MBBS from Madras Medical College, Chennai in 1954 and later MS in General Surgery from the same Institute in 1964. He took great interest in Orthopaedics and completed MS in Orthopaedics from Madras Medical College, Chennai in 1966.

Along with Prof TKS, he had taken interest in furthering the cause of academics and clinical experience as a teacher. His special interests in the Monthly Clinical meetings made the post graduates work meticulously in bringing up the cases. His famous Friday Clinical demonstrations used to attract not just the Orthopaedic Post Graduates but also the Post graduates from General Surgery discipline. He always tried to raise the level of clinical discussions.

He was very strict not only as a teacher but also as an administrator. He will never accept excuses for lack of interest in work. It was during his period that the first Total Hip Replacement was done at Madras Medical College. Though Spine surgeries using Luke Rods were practiced at Private Institutions, it was during his tenure that the first Spine Surgery with Luke Rods stabilization was done at Madras Medical College. He was a clinician par excellence and meticulous as a Surgeon. He had a very practical approach towards the problems his patients came up with.

His contribution to TNOA was as significant as his predecessors. However, during those days, the TNOA predominantly revolved around conducting Academic Activities. But it was Prof S Soundarapandian's lateral thinking towards furthering the cause of Orthopaedics by bringing together more and more Orthopaedic Surgeons into the fold of TNOA. Thus, he was responsible for increasing the number of Life members from 120 to 250. The numbers may not look very large now but to add 120 members from across the State in a period where no Whatsapp or social media was present, his efforts are by all means a great achievement. Even as late as a few years back, we were still able to add just over a hundred Members annually on an average. Such was his vision and road map for the future of Tamil Nadu Orthopaedic Association.

After his retirement from Government Service at Madras Medical College, he started his own Private Hospital, the Bone and Joint Hospital in Annanagar and involved himself very actively. His illustrious sons Dr Sivamurugan and Dr Ravi Subramaniam are also well-established Orthopaedic Surgeons.

Compiled by Dr.C.Raja Ravi Varma from inputs of the archives, web site of Soundarapandian Bone and Joint Hospital and inputs from Dr P V Jayasankar.

He has been a beacon of light for TNOA and his contributions for Tamil Nadu Orthopaedic Association runs into volumes.the huge void that he has left behind can never be filled.

With utmost grief we salute this orthopaedic legend and pray the Almighty to let his soul rest in peace

TNOA salutes its Past President and expresses its heartfelt condolence to his family, friends, colleagues, and Millions of patients whose lives he has touched.

May his soul rest in peace.

With Regards

Prof. Dr. N Manikandan  
President - TNOA

Prof. Dr. V Thirunarayanan  
Honorary Secretary - TNOA

**Dr.M.Parthasarathy**  
22.10.1953 – 11.05.2025

Dr.M.Parthasarathy was a renowned orthopaedic surgeon and dedicated his life to helping people for nearly four decades. He has been a Professional guide for many of the practicing Orthopaedic Surgeons. Role model from my PG days. He has been a go-getter and used to fight for his rights. He is a man of principles and never used to compromise on his ideals.

He also deeply cared for nature and planted thousands of trees around his community.

He will be forever remembered for his contributions to the society, his vivacious personality and the relationships he left behind.

He got interested in environment and he shifted his entire focus on nature and he started treating plants as his own children and did lot of social service as an individual as well as after joining Rotary.

TNOA salutes and expresses its heartfelt condolence to his family, friends, colleagues, and Millions of patients whose lives he has touched.

May his soul rest in peace.
