From the Desk of the President

Dear Fellow Members of TNOA,

Greetings from Kovai - The Manchester of South India.

It's a great honour to be the president of TNOA - The successful state of IOA. I am elated to be in this position and I am conscious about the BIG RESPONSIBILITY on my shoulders. I extend my sincere thanks to every member of Our Association, who have trusted me and entrusted me with this High position.

Our Immediate Past President - Dr. Muralidharan have done many fabulous contributions to us. It was also under the leadership of our Past Presidents- Dr. Ramesh Babu and Dr. Sivakumar have fetched us the prime A.K Gupta Trophy in a HAT-TRICK. I will strive the maximum to emulate their performances.

I enjoy every minute of my involvement in TNOA and acknowledge with gratitude the support, willingness, co-operation extended by our members.

I have earmarked the theme for this year as "**LEADERSHIP THROUGH KNOWLEDGE CREATION**". I have initiated a two weeks NEW OBSERVERSHIP PROGRAMME for our members with a honourarium of Rs. 15,000/- which will be held in prominent orthopaedic centres. We have 30 fellowships for this academic programme which will be completed within this October.

We will also have Research Oriented programmes to stimulate our members towards Academic Publications. We have started conducting TNOA-TRAUMA CMEs all over Tamilnadu to train young orthopaedicians with correct techniques in these courses. We have already conducted two programmes in Coimbatore & Cuddalore. Many more programmes like this will be conducted all over the state.

I request the assistance of our professors of PG Teaching Institutions, EC members, Zonal Committee Office Bearers to bring in more members into our Association.

I assure to encourage and support each one of you for the commitment you possess towards serving our association.

Kind Regards,

Dr. J. Dheenadhayalan

TNOA - President.

It was possible only because of the united efforts of each and every member, who sphere headed the achievements as their own. These awards are a testimony of our commitment to society and TNOA.

With our Immediate Past President - Dr. Muralidharan at helm and with our core team and support of our Past Presidents, Past Secretaries, we made a land mark by entering into our new office. I thank each one the patrons whose generous contributions made this possible.

We achieved A RECORD 148 New members for TNOA in 2018. We will strive for 350 new members in 2019 by bringing in more of PGs and Non members to our fold. The new single entry membership policy will certainly assist us in achieving the target of 350 very easily.

2. INDEXING EDITOR REPORT:

DR. THIRUNARAYANAN - INDEXING EDITOR

TNOA has taken a few important and vital steps in bringing out a Journal in a proper format of online submission of manuscript, double blinded peer review of manuscript and all necessary procedures have to be followed to get the eISSN no, pISSN no, with proper registration with the Registrars of Newspapers of India. These procedures are mandatory to get the Journal indexed in agencies as per MCI norms. With these things in mind TNOA EC has approved to start a new journal with all above mentioned prerequisites and it will be a matter of pride for the TNOA to run an Indexed journal. TNOA journal will be published by renowned publishers like Jaypee, so that the processing is easier, convenient for authors submitting manuscripts and articles. Once published the Article will get its due recognition and reach all around the Globe.

TNOA is in the process of inducting stalwarts, seniors, active consultants and academically interested orthopaedic surgeons of all sub-specialities across the nation and international faculty in our editorial, advisory and reviewer board which is the main core of any journal. A strong editorial board will definitely attract and encourage authors to submit article, that in turn will help us achieve the goal of Indexing.

With the efforts of the previous editorial teams, TNOA orthopaedic journal received the eISSN no from the National science library. Our ISSN number is 2581-9704.

Once the new journal is established, the members will be informed and requested to submit articles. On behalf of all members of our TNOA requests each and every member to support our cause and help TNOA to be the proud owner of an Indexed Journal.
