President Message

Dear Members,

Warm greetings to all.

I am happy to share that all academic activities of Presidential theme are conducted all around Tamil Nadu, including the TNOA CAST(Cadaveric assited skill training for post graduates) programs, the joint preservation programs,(JOPP) in Arthroscopy and foot and ankle courses .We have organised sport prevention program in THENI and planning for more.
I thank all the organisers for conducting these programs with extraordinary success.
I request all your cooperation for the CSR activities of the Indian Orthopedic Association for these six weeks and followed by Bone and Joint Week activities, in August which will help us to get the best state award from Indian Orthopedic Association.And I welcome you you all for the mid-year Tamil Nadu Orthopedic Conference in Hosur and TNOA Tamil conference in October to be held in Coimbatore.Meanwhilel expect your participation in first ever TNOA SPORTS MEET in Dindgal (Augest 15th and 16th)

Thank you

Dr.S.R.Sundararajan
President TNOA
Tamil Nadu Orthopaedic Association

Honorary Secretary Message

Dear Members,

Warm greetings to all.

It has been a privilege and an honour to serve as the Honorary Secretary of the Tamil Nadu Orthopaedic Association. Since assuming office, every effort has been directed towards strengthening our association, improving member engagement, and supporting academic and professional excellence across the state.

1. TNOA Initiatives

One of my first responsibilities after taking charge was to inspect the TNOA office and initiate its renovation, with the aim of creating a more efficient and welcoming administrative space for our members.

Our official TNOA website has been completely revamped. A dedicated page has been created for all zonal clubs, providing each regional association with an opportunity to showcase its academic and organizational activities, thereby enhancing communication across the state.

I am delighted that preparations are in full swing for the first-ever TNOA Sports Day, a landmark initiative in our association's history. I eagerly look forward to meeting all of you at Dindigul for this memorable event.

Travelling across Tamil Nadu almost every week has given me the opportunity to interact with many enthusiastic colleagues, dynamic leaders, and young orthopaedic surgeons. These interactions continue to inspire me and strengthen our association.

I was fortunate to participate in the TNOA CAST programmes at five different centres and the TNOP JOPP programmes at another five centres. Together, these ten programmes have successfully promoted our President's theme throughout the state.

Honorary Secretary Message

I am pleased to present the “First TNOA Newsletter for 2026 “highlighting the remarkable academic, social, and organizational activities of our association.

Academic growth remains one of our priorities. I have been regularly attending CMEs, cadaveric workshops, and conferences across the state, and it is always a pleasure to represent and serve TNOA.

I am also happy to announce the revival of the Online PG Quiz Programme, which will continue throughout the year, providing consistent academic support to our postgraduate students.

2. OASIS Activities

Our association has made significant progress at the OASIS level. We successfully enrolled more than 300 TNOA members into OASIS, and I am proud that TNOA became the first state association to complete the membership report submission along with the membership fees.

Along with our President, I attended the OASIS Executive Committee meeting, where we made meaningful progress towards the successful organization of OASISCON 2027 at Madurai.

We also organized the OASIS ICL online programme, during which the TNOA presentation on “Neuropathic Joints” received excellent appreciation from participants.

3. IOA Activities

Persistent efforts have yielded excellent results at the national level. We successfully obtained the pending IOA membership numbers for more than 200 TNOA members, and the process is underway to enroll another 200+ members into the Indian Orthopaedic Association.

We successfully conducted the first IOA Postgraduate Teaching Programme at Cuddalore Medical College. I am proud that TNOA is the only state association to receive approval for conducting a second IOA PG Teaching Programme, which will be held at Trichy.

Honorary Secretary Message

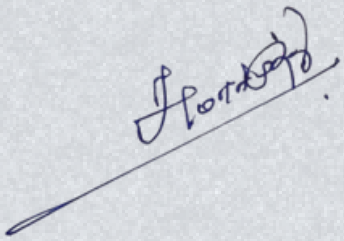

We have also initiated IOA CSR activities, with several community-oriented programmes planned over the coming six weeks.

None of these achievements would have been possible without the constant encouragement of our President, the Executive Committee, our senior mentors, zonal clubs, and every dedicated TNOA member. Your unwavering support and enthusiastic participation continue to drive our association forward.

With your continued cooperation, commitment, and active involvement, I am confident that the TNOA flag will soar to even greater heights and firmly establish itself as one of the leading state orthopaedic associations in the country.

Thank you for your trust and support.

Long Live TNOA!

Dr. S. Marimuthu
Honorary Secretary
Tamil Nadu Orthopaedic Association

Immediate Past President Column

Farewell Message from Immediate Past President

It has been one of the greatest privileges and honours of my professional life to serve as the President of the Tamil Nadu Orthopaedic Association during the year 2025–26. As I conclude my tenure, I look back with immense gratitude, pride, and satisfaction at the remarkable journey we have shared together.

From the very first day of assuming office, I had the opportunity to travel across Tamil Nadu, visiting our district clubs and participating in countless conferences, CMEs, workshops, instructional courses, and academic meetings. These interactions allowed me to witness firsthand the extraordinary commitment, enthusiasm, and hospitality of our members. Every programme reaffirmed my belief that TNOA continues to remain one of the most academically vibrant and professionally active state orthopaedic associations in the country.

My presidential theme, "Educate the Society, Enlighten the Fraternity," was embraced wholeheartedly by our members. I sincerely thank every district and regional club for transforming this vision into meaningful action through numerous academic programmes, public awareness initiatives, and community outreach activities conducted throughout the year.

Among the many accomplishments of this memorable year, I take particular pride in the continued advancement of our scoliosis and Developmental Dysplasia of the Hip (DDH) awareness initiatives. Live surgical demonstrations, specialised CMEs, and focused academic discussions across various centres provided invaluable learning opportunities while strengthening our commitment towards improving patient care.

Immediate Past President Column

The Prof. T.K.S. Mid-Year Conference conducted at Tiruchirappalli set new benchmarks in academic excellence, innovation, and member participation. The organising committee deserves wholehearted appreciation for delivering a truly memorable event that reflected the spirit and strength of our association.

Equally gratifying was the successful conduct of our Tamil Conference, a unique initiative that celebrates orthopaedic education through our mother tongue. It remains a matter of immense pride that TNOA continues to lead the nation by promoting scientific exchange while preserving our rich linguistic heritage.

One of the most satisfying achievements of the year was the overwhelming success of the Bone and Joint Week activities. The enthusiastic participation of every district club enabled us to take musculoskeletal health awareness directly to the public on an unprecedented scale. I extend my heartfelt appreciation to every office bearer, volunteer, and member who contributed to making this initiative such a remarkable success.

Our collective efforts were further recognised at the national level through the prestigious A.K Gupta trophy from the IOA reaffirming the outstanding reputation our association enjoys across the country. Such achievements belong not to any individual but to every member who contributes selflessly towards the growth of TNOA.

The 59th TNOACON in February 2026 conducted in the beautiful green hills of Courttalam brought top orthopaedicians from all over India with the theme "Never before—Never again".This year was also special because it was the first ISO-certified green medical conference in Tamil Nadu. It focused on being plastic-free and saving the planet. Beyond hard work and academics, it was also a time for fun and family. Everyone enjoyed local food, cultural shows and the renowned hospitality of Nellai ortho club.

No President succeeds alone. I have been truly fortunate to work alongside an exceptionally dedicated Executive Committee whose commitment, wisdom, and tireless efforts transformed every challenge into an opportunity. Their unwavering support made my responsibilities lighter and my journey immensely rewarding.

Immediate Past President Column

I place on record my deepest appreciation to our Honorary Secretary, Prof.Dr.V.Thirunarayanan, whose meticulous planning, administrative excellence, and relentless hard work ensured the smooth functioning of every activity throughout the year. His dedication has been one of the greatest strengths of our administration.

I also express my sincere gratitude to all our Past Presidents, whose vision and leadership laid the strong foundation upon which we continue to build. Their guidance and encouragement throughout my tenure have been invaluable.

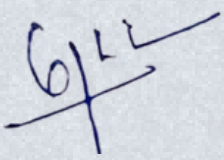

As I hand over the responsibilities of this prestigious Association to the ever-vibrant Dr.S.R.Sundararajan and his zealous team, I do so with complete confidence in its future. The enthusiasm of our younger members, the wisdom of our seniors, and the strong traditions of TNOA will undoubtedly take our Association to even greater heights in the years to come.

Serving as your President has been a deeply enriching experience that has given me unforgettable memories, lifelong friendships, and immense personal satisfaction. I remain grateful to every member who placed their trust in me, encouraged me, and stood beside me throughout this wonderful journey.

Though my tenure has come to an end, my commitment to TNOA remains unwavering. I shall always be available to support the Association in every possible way and wish the incoming leadership every success as they guide TNOA towards newer milestones.

Long Live TNOA!

With warm regards,

Prof. Dr.N. Manikandan
Immediate Past President, TNOA

TAMILNADU ORTHOPAEDIC ASSOCIATION

FIRST EXECUTIVE COMMITTEE MEETING (2026-2027)

VENUE : Coimbatore (19.04.2026)

1. The 1st Executive Committee Meeting of the Tamil Nadu Orthopaedic Association (TNOA) for the year 2026 was held on 19th April 2026 at Hotel Coimbatore and was recorded by Dr. J. Terrence Jose Jerome, Joint Secretary, TNOA. The meeting commenced with the rendition of Tamil Thai Vazhthu followed by the TNOA Anthem. The President and Honorary Secretary were ceremonially honored with the TNOA Medal, following which the President formally called the meeting to order.
2. The house paid solemn tribute to Late Dr. Shakthivel for his outstanding contributions as a teacher and his invaluable service to TNOA, and to Dr. Ajit Shinde for his immense contributions to the Indian Orthopaedic Association and for his simplicity and inclusive leadership. The Executive Committee observed one minute of silence and prayed for the departed souls to rest in peace.
3. The Honorary Secretary presented a detailed report. The minutes of the previous Zoom Executive Committee meeting were presented and approved. Updates included the visit to the TNOA office, inclusion of the TNOA–IOA President team and logo in all official events, and emphasis on mandatory Executive Committee attendance and active participation in meetings and conferences. The Presidential Roadmap for 2026 was discussed, including the announcement of the TNOA Sports Meet scheduled on 14th and 15th August 2026, with the formation of a Sports Committee to be communicated shortly. Membership details were presented, showing a total membership of 3151, including 2995 active and eligible members and 141 members with incomplete details. A total of 385 new members were ratified, and the membership portfolio remains under the supervision of Dr. Rex.

TAMILNADU ORTHOPAEDIC ASSOCIATION
FIRST EXECUTIVE COMMITTEE MEETING (2026-2027)
VENUE : Coimbatore (19.04.2026)

4. The Executive Committee discussed the TNOA Anthem initiative. It was proposed that the TNOA Anthem be submitted for national and international award recognition. Plans were made to obtain the full anthem video from Dr. Raja Ravi Varma. Dr. Meenakshi Sundaram, Vice President, proposed distribution of the anthem through digital pins and USB devices and recommended that the anthem be played during district and club meetings.
5. The Executive Committee emphasized strict coordination of TNOA events. Instructions were issued to avoid date clashes between TNOA academic programs and conferences, and EC members were requested to ensure synchronization of the calendar across all zones and take amicable corrective measures whenever conflicts arise.
6. It was decided that the next Executive Committee Meeting would be conducted on 18th August 2026 at Hosur during the TNOA Prof. TKS Midyear Conference 2026.
7. The criteria for the Best Club Award were revised and restricted strictly to orthopaedic academic achievements. The Executive Committee also resolved that all medals should be awarded within the same year at the main TNOACON conference. Additional medal sessions during annual conferences were discontinued.
8. A proposal to expand Executive Committee representation was discussed. It was proposed that Chennai receive additional EC representation and that Coimbatore, West Zone, and South Zone each receive one additional EC member. A committee comprising Dr. Rex, Dr. Meenakshi, and Dr. Terrence was formed to prepare and submit the eligibility criteria during the next EC meeting.

9. The Executive Committee discussed the selection process for IOA EC Members and resolved that the process should be transparent. TNOA will officially announce the selection process, and all eligible members will be allowed to apply through an open application system.
10. The Executive Committee resolved that institutions conducting teaching programs such as MS and DNB would not be eligible for the TNOA Prof. TKS Medal.
11. The Executive Committee approved the TNOA Flag Protocol. It was made mandatory that the TNOA flag be hoisted during the TNOA Prof. TKS Midyear Conference, Tamil Conference, and Annual Conference (TNOACON). It was resolved that the flag should be ceremonially hoisted on the inaugural day and lowered on the concluding day of the conference, following which it would be formally handed over to TNOA for official custody.
12. The Executive Committee resolved that ISO certification renewal should be carried out once every three years.
13. The Executive Committee approved official communication to be sent to the Indian Orthopaedic Association and the National Medical Commission regarding unauthorized pain clinics functioning in Tamil Nadu.
14. Financial and institutional matters were subsequently discussed. The organizing committees of the Tamil Conference and the TNOA Prof. TKS Midyear Conference were requested to contribute ₹1,00,000 each to TNOA. Renovation works at the TNOA Chennai office, including painting and flooring, were approved. Dr. Mahesh, Treasurer, and Dr. Vishnu, Chennai EC Member, were assigned the responsibility of obtaining the best quotation for the renovation work. Procurement of essential office furniture, including a sofa for the office, was approved by the Executive Committee.

15. Prof. Dr. Thirunarayanan, Immediate Past Secretary, informed the Executive Committee that amendments under the Society Registration Act had been submitted up to the year 2025, while further amendments were pending and expected to be completed shortly.
16. The tenure of Editorial and IT Wing positions was fixed at two years per term with a maximum of two consecutive terms, amounting to a total maximum tenure of four years.
17. The Executive Committee discussed strategies to improve TNOA's competitiveness for the AK Gupta Trophy. Measures proposed included increasing national academic media visibility, conducting CMEs, workshops, and instructional courses according to AK Gupta Trophy criteria, and strengthening participation in IOA-CSRC meetings.
18. The Executive Committee also discussed the OASIS Trophy and emphasized mandatory high member participation during conferences and Annual General Body Meetings. A minimum of 20 journal publications in JOASIS was considered essential. Strong participation in OASISCON 2026 at Warangal, scheduled from 21st to 23rd August 2026, was encouraged.
19. Academic initiatives for the year were discussed. A bi-monthly TNOA Newsletter was proposed. The Presidential academic themes for 2026 included postgraduate training, joint preservation programs, preparation of a multi-author foot and ankle textbook involving contributions from TNOA members, sports injury prevention programs with at least one program per zone, and organization of the TNOA Sports Day.

20. The organizing report of TNOACON 2026 was presented by Prof. Dr. N. Manikandan, Immediate Past President and Trade Committee Chairman. He highlighted TNOACON 2026 as one of the most significant academic events of the year and ceremoniously handed over the conference surplus cheque to the President, Honorary Secretary, and Treasurer. The Executive Committee unanimously appreciated the organizing team for delivering a conference of exceptional standards academically, organizationally, and socially. The conference was widely regarded as a benchmark event for future TNOA conferences.
21. The Treasurer's Report revealed that the current TNOA Fixed Deposit stood at ₹2.59 crores. The Executive Committee approved converting the fixed deposits into 400-day schemes for better interest returns. Approval was also granted for the purchase of a secure locker for storage of important TNOA documents and files. The President further recommended that the interest accrued from 23 fixed deposits be redirected to the savings account or main TNOA account so that the interest could be utilized for academic programs, fellowships including international travel sponsorships, and other educational activities.
22. The Executive Committee approved a policy stating that organizers of every future TNOACON conference would contribute a 10% increase in sponsorship contribution to TNOA after the conference.
23. Dr. Meenakshi Sundaram, Vice President, discussed online academic initiatives including weekly case discussions through the TNOA website platform with support from IT Wing Secretary Dr. Varaprasad, development of online quiz modules, and expansion of IT Wing academic activities.

24. The Editor's Report was presented by Prof. Dr. Suresh Kumar. It was proposed that the Journal of Orthopaedics and Joint Surgery become a quarterly publication from 2027 onward. The estimated cost was projected between ₹6–10 lakhs per issue. The Executive Committee approved the online-first publication model while continuing both print and online publication formats. The process of online-first publication was advised to be expedited.
25. Fellowship programs were discussed in detail. Two fellows each were approved for the TNOA Dr. Chidambaram–Dr. Sivakumar Fellowship and the TNOA Dr. Ajoy Spine Fellowship. Long-term fellowship programs with a stipend of ₹50,000 per month were approved at Ganga Hospital for one year, Dr. Rex Hospital for one year, Dr. Palani Hospital, Erode for six months, Preethi Hospital, Madurai for one year, and Parvathy Hospital, Chennai for one year. The Executive Committee also approved the annual fellowship timeline with announcement of fellowship details by April 30, candidate selection by June 15, and commencement of fellowships by July 15 every year. Observership programs conducted by several hospitals annually were also acknowledged.
26. The IT Wing Report was presented by Dr. Varaprasath. The online membership portal process was structured to include local EC verification, payment integration through Razorpay, Secretary approval, final ratification during the General Body Meeting, and WhatsApp integration for smoother workflow. The Executive Committee decided that membership would primarily be restricted to Tamil Nadu-based applicants, while applications from other states would require approval from the Secretary and President.

TAMILNADU ORTHOPAEDIC ASSOCIATION
FIRST EXECUTIVE COMMITTEE MEETING (2026-2027)
VENUE : Coimbatore (19.04.2026)

27. The TNOA Sports Meet 2026 was discussed. The event was scheduled on 14th and 15th August 2026 at Dr. Muralidharan Cricket Grounds, Dindigul. Teams would represent Chennai, Madurai, Coimbatore, North, South, Central, East, and West Zones. Zonal knockout matches would determine the final eight teams for the tournament. Postgraduate students would be allowed to participate if teams were incomplete.
28. Dr. B.R.J. Sathish Kumar presented the report for Tamil Conference 2026, scheduled on 3rd and 4th October 2026. It was resolved that the Organizing Secretary should officially request a seed fund of ₹3 lakhs from TNOA and ensure a minimum return contribution of ₹4 lakhs to TNOA after the conference.
29. Dr. Meenakshi Sundaram presented the report for TNOACON 2027 to be held at Vara Lakshmi Mahal, Salem, with an estimated capacity of 2000 delegates. The banquet venue was proposed at Forest Meadows Resorts located approximately 20 km away with 40-bed accommodation facilities. Emphasis was placed on strict adherence to the scientific schedule to ensure timely completion of academic sessions, entertainment programs, fellowship dinner, General Body Meeting, and Valedictory Function.
30. The organizing team proposed that OASISCON 2027 would be combined with the TNOA Prof. TKS Midyear Conference 2027 at Madurai. The proposal suggested a one-and-a-half-day TKS Midyear Conference consisting of Thursday half-day and Friday full-day sessions, followed by a one-and-a-half-day OASISCON with Saturday full-day and Sunday half-day sessions. The tentative venue proposed was Courtyard by Marriott, Madurai.
31. Dr. Vanasekar, Past President TNOA, and the organizing team of TNOACON 2028 presented the conference report. TNOACON 2028 will be conducted at City Centre, Dindigul from 11th to 13th February 2028 with regular scientific programs, academic events, cultural activities, and entertainment sessions.

32. The Executive Committee unanimously approved Dr. Thirumalai Sami, Coimbatore, for the TNOA Dr. S. Natesan Oration during the TNOA Prof. TKS Midyear Conference 2026. The Executive Committee also approved the Lifetime Achievement Award for Dr. David Rajan, Coimbatore, during OASISCON 2026 at Warangal. The President would formally convey the decisions and obtain their acceptance.
33. The Executive Committee approved unlimited academic programs including TNOA Postgraduate Crash Courses and institutional academic activities.
34. Regional reports were presented by representatives from all zones, including Dr. Vishnu Senthil for Chennai, Dr. T. Vinod for Madurai, Dr. B.R.J. Sathish Kumar for Coimbatore, Dr. Mithun for North Zone, Dr. Alfred Sathiya Shekar for South Zone-2, Dr. Arun Kumar for East Zone, Dr. Myilvahanan for West Zone, Dr. Gautam for West Zone-2, Dr. Devendran for Central Zone-1, and Dr. Eshwar Kumar for Central Zone-2. The reports included details regarding academic activities, social initiatives, publications, upcoming TNOA CAST programs, and joint preservation initiatives.
35. Dr. C. Rex, President-Elect and Election Officer, announced the vacancies for the 2026 elections, which included one Vice President post, one Fellowship Secretary post, three Chennai EC Member posts, and one Madurai EC Member post. The election notification would be announced shortly. The Executive Committee also decided to work positively toward implementing online elections from 2027 after obtaining General Body approval. The Secretary was assigned to oversee the necessary procedures, and the EC proposed obtaining legal undertakings from all contestants regarding online election terms and future legal obligations.

36. During the President's note, it was proposed that a Lifetime Achievement Award be presented to Dr. Vijay Bose of SIMS, Vadapalani, during a book release event. The President also emphasized online correction and verification of the TNOA verified voters list to facilitate future online elections. The President, President-Elect, and Vice President would jointly coordinate this process. The President reiterated the need for official communication to IOA and NMC regarding unauthorized pain clinics in Tamil Nadu and recommended preparation of educational booklets for sports injury prevention programs.
37. During the Secretary's note, discussions included preparation of the speaker list for OASISCON 2026 and further planning regarding online elections.
38. With no further matters for discussion, the meeting concluded with a vote of thanks proposed by Dr. J. Terrence Jose Jerome, Joint Secretary, TNOA. The session ended with a fellowship dinner reflecting the unity, camaraderie, and academic spirit of TNOA. Members excused from the meeting included Dr. Aju Bosco, Dr. Dhamodaran, and Dr. Srinivasan.

Fellowship Secretary Report

TNOA FELLOWSHIP SECRETARY REPORT
(Dr. Aju Bosco)

Dear Esteemed Members of the TNOA,

Greetings from the desk of the Fellowship Secretary TNOA.

I take this opportunity to sincerely appreciate the trust you had in me and place my heartfelt thanks to each one of the distinguished members of TNOA for bestowing upon me the honor of representing you as the Fellowship Secretary of our esteemed Association.

As the Fellowship Secretary, I am excited to bring great news and more Fellowship opportunities for the young orthopedic surgeons of TNOA.

TNOA FELLOWSHIP ACADEMY:

TNOA Fellowship Academy is a dedicated online platform within the TNOA website created exclusively for TNOA Fellowship Programs. It provides comprehensive information on the Fellowships offered by TNOA, Fellowship Host Centers of TNOA and Fellowship Mentors. It also contains information about the eligibility criteria for Fellowship application. To enhance accessibility and efficiency, ***the entire Fellowship application process has now been fully digitalized. From this year onwards, applications for TNOA Fellowships and Observerships can be submitted exclusively through the online portal.*** Applicants can visit this webspace at **https://tnortho.org/education/tnoa-fellowships-academy** to access complete information about TNOA Fellowship Programs and submit their applications seamlessly through a single user-friendly platform.

TNOA FELLOWSHIPS 2026/2027:

This year TNOA is offering the following Fellowships to its members.

(i) Inland Fellowships with travel grant:

TNOA Prof. A.J. Selvapandian Travelling Fellowship *For MS (Ortho) / DNB(Ortho)*	2 fellows / year
TNOA Dr. R. Muralidharan – Dr. M. Vanasekar Travelling Fellowship *For D(Ortho)*	2 fellows / year
TNOA Inland Travelling Fellowships *For MS (Ortho) / DNB(Ortho)*	4 fellows / year
TNOA Prof. R. Sivakumar/ Prof. M. Chidambaram Travelling Fellowship in Trauma *For MS (Ortho) / DNB(Ortho)*	2 fellows/year
TNOA Dr. Ajoy Prasad Shetty Travelling Fellowship in Spine Surgery *For MS (Ortho) / DNB(Ortho)*	2 fellows/year
TNOA Prof. V. Singaravadivelu Travelling Fellowship in Arthroplasty *For MS (Ortho) / DNB(Ortho)*	1 fellow/year

The selected candidate will be given a grant of Rs. 10000 after successful completion of the Fellowship and submission of the report to the Fellowship Secretary before the TNOACON 2027.

(ii) Foreign Fellowships with travel grant:

TNOA Prof. A. Subramaniam Travelling Fellowship for Consultants (one fellow):

This year applications are invited from TNOA life members *50 years of age* and above, at the time of application. The candidate is responsible for arranging the Fellowship Center of his choice and intimate the TNOA Fellowship Secretary regarding the same. The selected candidate will be given a grant of Rs. 50000 after successful completion of the Fellowship and submission of the report to the Fellowship Secretary, before the next call for the TNOA Foreign Fellowship.

Applications for the **TNOA Inland Fellowships**, **TNOA Prof. A. Subramaniam Travelling Fellowship for Consultants**, and **TNOA Observerships** were **invited during the first week of May 2026**. A total of **67 applications** were received.

All applications are currently being evaluated in accordance with the prescribed selection criteria. The shortlisted candidates will be informed individually upon completion of the selection process.

The Fellowship and Observership programs are scheduled to commence from the **first week of August 2026**.

(iii) TNOA Long-term Fellowships:

For the first time, the Tamil Nadu Orthopaedic Association (TNOA) is introducing Long-term Fellowship Programs exclusively for its Life Members in the subspecialties of Trauma, Arthroplasty, and Endoscopic Spine Surgery. These structured fellowship programs are aimed at providing comprehensive subspecialty training under the guidance of experienced mentors at reputed centres across Tamil Nadu.

The following Host Centres have been empanelled to offer these Fellowship Programs:

Subspecialty	Name of the Fellowship Host Center	Fellowship Director	Number of Fellows/year
Trauma (One-year)	Ganga Medical Centre and Hospitals Pvt. Ltd, Coimbatore	Prof. S. Rajasekaran	1
Trauma and Arthroplasty (One-year)	Preethi Hospitals, Madurai	Prof. R. Sivakumar	1
Arthroplasty (One-year)	Parvathy Hospitals, Chennai	Dr. Dharmarajan J/ Dr. M. K. Vetrikumar	1
Endoscopic Spine Surgery (Six-months)	Spinal Endoscopy and Ortho Clinic	Dr. Palani Kumar C	2

Selection Process for TNOA Long-Term Fellowships:
The Selection Committee shall comprise the TNOA President, President-Elect, TNOA Secretary, TNOA Fellowship Secretary and the Head of the Institution offering the Fellowship (or his representative). The decision of the Selection Committee shall be final.

Eligibility criteria:
(i) **Only Life Members of TNOA can apply** for the TNOA Long-Term Fellowships
(ii) Age: Upper limit is 40 years at the time of application
(iii) Basic qualification: MS(Ortho)/DNB(Ortho)
(iv) Any member who had already undergone a TNOA Long-term Fellowship cannot apply for a second time.

Scoring criteria:
• Screening Examination comprising of 100 MCQs encompassing all subspecialties of orthopedics (postgraduate level) (100 marks) for selecting the candidates
• Selected candidates will be called for an interview conducted by the Selection Committee (25 marks)
• Scoring criteria based on CV (50 marks)
• Final selection of candidates for Fellowship is based on combined marks obtained in interview + CV Scoring (out of the total 75 marks)

CV Scoring criteria (Total marks – 50):

A Years of experience after postgraduate degree qualification 10 marks
B Presentation (Oral papers / Posters) 10 marks
C Publications 20 marks
D Special criteria 10 marks

A. Years of experience after postgraduate degree qualification (MS Ortho / DNB Ortho / D Ortho):
1 mark for every completed year subject to a maximum of 10 marks.

B. Presentations:
(Presentations as original author (presenting author) only will be considered.
Presentations in TNOACON/Other State level conferences/OASISCON– 1 mark for each presented paper or poster or e-poster
National level presentations – 2 marks for each presented paper or poster or e-poster
International presentations – 3 marks for each presented paper or poster or e-poster

C. Publications:
(Publications as first author/co-author will be considered.

Articles published in indexed journals (DOAJ/Scopus/EMBASE, etc) other than PubMed – 1 mark for each
Articles published in TNOA Journal - 2 mark for each publication
Articles published in PubMed indexed National Journal/IJO - 2 marks for each publication
Book chapters published – 2 marks for each publication
Articles published in international journals - 3 marks for each publication

D. Special criteria:
Marks will be awarded for winners of awards/medals/patents related to orthopedics only – 2.5 marks for each award/medal.
(University Medal or Medal awarded during National and State Conference)

Tie breaker criteria:
1) In the event of a tie, the candidate with more number of PubMed indexed publications will be given preference
2) Age seniority will be considered for the award of Fellowship

For Associate Members of TNOA:

(i) TNOA Dr. K.R. Venkateshwar Memorial PG Travelling Fellowship (one fellow/year):

Exam will be conducted during the Annual Conference of TNOACON 2027 at Salem. A Fellowship grant of Rs. 10000 will be awarded to the winner.

(ii) TNOA Short-term Observership Program:

TNOA offers **two-week Observerships** in various orthopaedic subspecialties to its members, providing an opportunity to enhance their clinical knowledge and refine their surgical skills by training at renowned centres of excellence across Tamil Nadu.

Applications are **accepted throughout the year**. Any **Life Member** or **Associate Member** of TNOA is eligible to apply. Applications may be submitted either through the online TNOA Fellowship Portal or by emailing the Fellowship Secretary TNOA (tnoa.fellowshipsec@gmail.com) along with an updated CV.

(iii) TNOA Nellai Ortho Club Travelling Fellowship (two fellows/year):

This Fellowship is awarded to the winner and runner-up of the TNOA Prof. R. Ramakrishnan PG Gold Medal Exam. The examination for the current academic year is scheduled to be held at **Dindigul** during **December 2026 / January 2027**. Detailed information regarding the examination, including eligibility criteria, application process, and important dates, will be published on the **TNOA website** and circulated through the **official TNOA WhatsApp groups**.

(iv) TNOA – Cholamandalam Ortho PG Research Grant:

Every year, **TNOA** awards **two Research Grants** to support postgraduate students in carrying out their research work and thesis projects. Detailed information regarding eligibility criteria, application procedure, timelines, and selection process will be announced on the **TNOA website** and through the **official TNOA WhatsApp groups**.

Empanelment of Institutions and Individual Members to offer TNOA Fellowship/Observership Programs under TNOA:

Application Criteria:

At the AGBM of TNOACON 2025 it was decided to invite applications from Institutions and Individual Mentor Surgeons interested in hosting TNOA Fellowship Programs.

The following minimum eligibility criteria have been recommended:

1. The Mentor Surgeon must be a Life Member of TNOA.
2. The Mentor Surgeon must have completed a minimum of 10 years of clinical experience after obtaining MS(Ortho) / DNB(Ortho) qualification
3. The Institution and/or Mentor Surgeon should be able to perform at least 15 surgeries in the subspecialty of the Fellowship that is being offered, during the two-week Fellowship period.

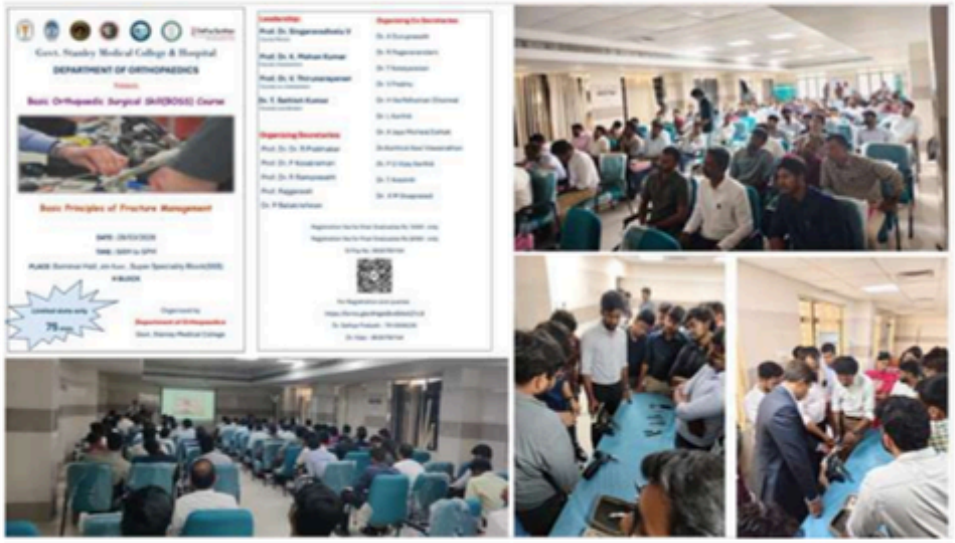

Interested Institutions and Mentor Surgeons who fulfill the above criteria and are interested in hosting TNOA Fellowship Programs are invited to submit their applications to the Fellowship Secretary by email at tnoa.fellowshipsec@gmail.com.

The 59th Annual Conference of
Tamilnadu Orthopaedic Association

TNOACON 2026

Dr.S.Muthuraman
Organizing Secretary

We The Members of Nellai Ortho Club Thank Every Member of Our Prestigious Association for Giving us the Opportunity. To Host TNOACON2026
It Was Not an Instant Dream but a Constant Flame Within Every Nellai Ortho Club To host this Event In an Unique Way.

It Was the silver jubilee year for Nellai ortho club. a dynamic team which evolved over years gradually gaining its significance in TNOA by its active participation. to add to that our founder Member Prof. Dr. N. Manikandan was the president of TNOA and most of the important office bearers of TNOA (joint secretary editor were also from NOC).

TNOACON 2026 Entrance

TNOA Flag Hoisting Ceremony

It was a matter of pride for an organisation with an illustrious journey from nowhere in TNOA to everywhere in TNOA.

We attribute every success of NOC to every TNOA member and will always remain thankful because we honour the roots that make. us stand tall and not the flowers which blossom on us.

Inaguration

TNOA Anthem Unveiled

What more can be an opportunity to thank everyone in a big way than hosting and celebrating your presence by organising the prestigious annual conference. our preparations for the conference started even before two years and was inaugurated in the presence of TNOA of TNOA office bearers by then TNOA president Dr. M.Vanasekar.

The theme of our conference was "Never Before Never Again". it was not just a statement but a committed mantra. this. was not to compete or compare with others but to ignite ourselves to stage the great event.

SOME HIGHLIGHTS OF TNOACON 2026

- First ISO Certified Conference
- First Plastic Free Conference
- First conference with environmental concern
- The first conference to organize an exhibition on orthopaedic History
- The first conference to hoist the TNOA flag
- The first conference to predelivery the complimentary conference kit
- The first conference to honour all the past presidents by cashless registration
- Every aspect of the conference was structured with tjoughtful mind
- The major attraction of the conference was the academic program about 1000 papers including 300 guest lectures were read in eight halls
- The silent hall concept where in a delegate had an access at reception to the lectures and papers presented in the halls was a novel introduction.
- our efforts were duly acknowledged and reflected by the enthusiastic participation of our distinguished members with family. our registrations crossed 2000 a milestone in TNOA.
- We had more than 100 sponsors
- Every aspect of the conference was designed and executed with genuine interest towards the satisfaction of the distinguished members

Any major event of this magnitude will definitely have some flaws and areas uncovered and unexplored.

We the organisers are solemnly accountable for any setbacks. and thank the great hearts for tolerating our failures

Altogether it was a great journey with valuable experience

We thank every TNOA member for making the conference a historical event.

The 60th Annual Conference of Tamilnadu Orthopaedic Association

TNOACON 2027 Report

Dr.G.Premnath
Organizing Secretary

From the desk of the Organizing Secretary

A Warm Welcome to TNOACON 2027

Respected members and esteemed colleagues,

Greetings from the Mid West Ortho Society, Salem. It is our privilege and joy to invite you to the 60th Diamond Jubilee edition of TNOACON, to be held from 12th to 14th February 2027 at one of the region's largest convention venues, Sree Varalakshmi Mahaal, Salem.

This landmark gathering promises a rich academic feast led by eminent regional, national and international faculty, complemented by hands-on workshops and lively scientific exchange. More than a conference, it is a celebration of six decades of orthopaedic excellence in Tamil Nadu — a coming together of knowledge, innovation, skill and lifelong friendships.

Beyond the science, we have curated a warm and vibrant experience for you and your family: authentic Salem and Kongu cuisine, cultural evenings, the much-loved TNOA Band, activities for children, and scenic excursions to Yercaud and beyond. We look forward to welcoming you to our city and our hospitality.

Your presence will make all the difference.

Dr. G. Premnath
Organising Secretary,
Team TNOACON 2027,
Mid West Ortho Society,
Salem.

THE VENUE

Sree Varalakshmi Mahaal, Salem

One of the region's largest and most elegant convention venues — grand halls, ample parking and warm hospitality, set against the scenic Salem hills.

OUR PROMISE TO YOU

Experience · Empower · Enrich

Experience

Warm Salem hospitality, culture, and camaraderie across three memorable days.

Empower

Deepen your knowledge with world-class faculty and cutting-edge science.

Enrich

Sharpen your skills through immersive, hands-on workshops and live sessions.

ACADEMIC PROGRAMME

Scientific Highlights

A comprehensive programme spanning the breadth of modern orthopaedics, with dedicated focus on:

- Arthroplasty
- Arthroscopy
- Trauma
- Spine
- Paediatric Orthopaedics
- Robotics & AI Empowerment
- Foot & Ankle
- Orthopaedic Oncology

BEYOND THE SCIENCE

A Celebration for Everyone

- **Culinary journey:** delicious multicuisine spreads from Salem and the Kongu region, prepared by expert local cooks, on all three days.
- **Cultural evenings:** performances by the beloved TNOA Band and special entertainment programmes.
- **For the family:** fun, games and dedicated activities for children accompanying their parents.
- **Scenic getaways:** a short trip to the hill town of Yercaud and other picturesque spots around Salem.

TNOACON 2028 Report

Dear Esteemed Members of the Tamil Nadu Orthopaedic Association (TNOA),

Warm Greetings from the Dindigul Orthopaedic Society!

It is our immense pleasure and privilege to welcome you all to TNOACON 2028, the 61st Annual State Conference of the Tamil Nadu Orthopaedic Association, to be held from 11th to 13th February 2028 at the magnificent City Square, Dindigul.

On behalf of the Dindigul Orthopaedic Society and the Organising Committee, we cordially invite you to join us for three memorable days of academic excellence, friendship, and the renowned hospitality of Dindigul.

Our conference venue, City Square, offers world-class facilities with everything conveniently located under one roof, including:

* Main Auditorium and 7 Scientific Halls
*Industrial Exhibition Stalls
* Spacious Food Court
* Entertainment Area* Dedicated Spouse & Kids Zone
* Ample Parking Facilities

We have carefully planned an enriching conference experience featuring:

* A Wonderful Scientific Feast with distinguished national and international faculties
* Daily sightseeing and tour programmes for spouses and children
* 24-hour non-stop food counter showcasing the famous Dindigul hospitality
* Tea, coffee, and snack counters throughout the venue
* Exciting complimentary gifts for all delegates
* Sports events and fun-filled activities
* A spectacular Grand Gala Dinner
* Transportation facilities within and around Dindigul for the convenience of delegates

Beyond academics, TNOACON 2028 promises to be a celebration of learning, camaraderie, culture, and unforgettable memories.

We sincerely look forward to welcoming you, your family, and your colleagues to the historic city of Dindigul. Your presence will make this conference truly special and inspire us to deliver an exceptional experience.

Come, be a part of TNOACON 2028—where science meets hospitality, and friendships grow stronger.

We eagerly await your gracious presence in Dindigul!

With warm regards,

Organising Committee
TNOACON 2028
On behalf of the Dindigul Orthopaedic Society & Theni Orthopaedic Society

Scientific Program
www.tnoamidyearhosur.com

From the Desk of
Organising Committee

Esteemed Members of the TNOA Family,

Vanakkam, Namaste, Namaskara ...

It is with great honour and privilege that the dynamic "Krishnagiri orthopaedic society (KOS) invites you to the TNOA Prof. TKS Mid-Year Conference 2026 to be held at HOSUR - The Rose City & an emerging Industrial powerhouse.

The theme of the conference, "Knee Multiverse," reflects the rapidly expanding and diverse dimensions of contemporary knee surgery. Much like the cosmic multiverse, our field now encompasses multiple specialised domains – from the precision of robotic-assisted arthroplasty to the intricacies of complex arthroscopy, from regenerative biologics to advanced trauma management. Each surgeon today practices within a unique "universe" of expertise.

The objective for Mid-Year TNOACON-2026 is to converge these parallel worlds of knowledge through a meticulously curated scientific program with artificial intelligence (AI) integration.

Referred as the "Little England of India" for its pleasant climate, Place of linguistic& cultural melting pot, due to its history and location on the Karnataka - Andhraborder fostering a rich Trilingual heritage.

We request you to kindly mark your calendars for 18th and 19th July, 2026 and join us on this academic journey through the Knee Multiverse. We look forward to welcoming you with open arms and to making the conference a memorable landmark in your academic calendar.

With warm regards,
Organising Team,
TNOA Prof. TKS Mid-Year Conference 2026
Krishnagiri Orthopaedic Society.

From the Desk of TNOA President

Dear All,

It is my great pleasure to invite you to the Professor T.K. Shanmugasundaram Mid year TNOA Conference, to be held in Hosur on July 18th and 19th, 2026.

The theme of this year's conference is "Knee Multiverse," offering a comprehensive academic exploration of the knee joint, including trauma, arthroscopy, arthroplasty, and tumors.

The organizing team has put together an exceptional scientific program featuring eminent national and international faculty, ensuring a truly enriching academic experience. Alongside the scientific sessions, there will also be opportunities for interaction, networking, and entertainment, making it both intellectually rewarding and socially engaging.

This conference will be a wonderful occasion to reconnect with colleagues and friends while enhancing our knowledge and skills in knee surgery.

I extend my sincere appreciation to Krishnagiri orthopaedic Society for their efforts in organizing this excellent conference.

Looking forward to your active participation.

Best regards,
Dr. S R Sundararajan

From the Desk of
TNOA Honorary Secretary

Respected Seniors & Dear Colleagues,

It gives me great pleasure to announce that the TKS Midyear Conference – KNEE Multiverse will be held at Hosur, organized by the Krishnagiri Orthopaedic Society.

This conference is thoughtfully designed to provide a comprehensive academic experience, focusing on the complete spectrum of knee pathologies.

The scientific program will cover everything from fractures around the knee to advanced procedures including arthroscopy and arthroplasty, ensuring a true "A to Z" learning opportunity.

A dedicated PG teaching program has also been incorporated, making this conference particularly valuable for postgraduate students

I encourage all members, to actively participate and benefit from this enriching academic event.

Meet you ALL at Hosur

Warm regards,
Dr. S Marimuthu

TNOA Tamil Conference 2026 Report

TNOA Tamil Conference 2026 Report

கல் தோன்றி மண் தோன்றா காலத்தே முன்தே ான்றியதும் முன்னை பழமைக்கு பழமையுமாய் புதுமைக்கு புதுமையுமாய் மிளிர்கின்ற நம் தாய் மொழியாம் தமிழ் மொழியை எலும்பியல் மருத்துவத்தின் பேச்சு மொழியாகவும் பயிற்று மொழியாகவும் ஆக்கும் சீரிய எண்ணத்துடன் துவக்கப்பட்டு மூன்று வெற்றிகரமான ஆண்டுகளை கடந்திருக்கிறது, தமிழ்நாடு எலும்பியல் சங்கம் நடத்தும் வருடாந்திர தமிழ் கருத்தரங்கம். தொடர்ந்து நான்காவது ஆண்டாக அதே கூர்நோக்குடனும் தெளிவுடனும் இம்முறை இக்கருத்தரங்கம் **கோவையில் மெர்லிஸ் விடுதியில் அக்டோபர் மாதம் 3 மற்றும் 4 தேதிகளில் நடைபெற உள்ளது.**

கருத்தரங்கின் நோக்கம் தமிழில் எலும்பியல் அறிவை கொண்டு சேர்ப்பதாகும் . அறிவியல் தரத்தில் எந்த ஒரு குறையும் இல்லாமல் அழகுத் தமிழில் இந்த கருத்தரங்கம் இனிதே நடைபெற உள்ளது.

குழு விவாதிப்பு , என் அறுவை முறை, விவாத மேடை போன்ற பல அமர்வுகளுடன் முத்தாய்ப்பாக **"சமூகத்திற்கு பங்களிப்பது எப்படி"** என்ற தலைப்பில் சிறப்பு பொது அமர்வும் நடைபெற உள்ளது.

முதுகலை மாணவர்களுக்கான தமிழில் வினாடி வினா மற்றும் ஆராய்ச்சியுரை வாசித்தல் என புதிய முயற்சிகளும் அரங்கேற உள்ளன. மருத்துவ கலைச் சொற்களை அனைவரும் முரண்பாடில்லாமல் நிலையாக ஒரே மாதிரியாக பயன்படுத்துவதற்கு ஏதுவாக **"மருத்துவ கலைச்சொல் களஞ்சியம்"** ஒன்றை அந்நாளில் வெளியிட உள்ளோம்.

அக்டோபர் மூன்றாம் தேதி மாலை கலை நிகழ்ச்சிகளுடன் கருத்தரங்கம் இனிதே ஆரம்பமாகின்றது. ஒரு இனிய கற்றல் அனுபவமாகவும், கொண்டாட்டமாகவும், அனைவரையும் இணைக்கும் பாலமாகவும் இருக்கப் போகும் இந்த தமிழ் கருத்தரங்க திருவிழாவிற்கு கோவை எலும்பியல் சங்கம் உங்களை இருகரம் கூப்பி அன்புடன் வரவேற்கிறது.

நிகழ்ச்சிகள் முன்னோட்டம்

03/10/2026 சனிக்கிழமை

- 6:30 மணி — கலை நிகழ்ச்சிகள்
- 8:30 மணி — முதல்: இரவு விருந்து

04/10/2026 ஞாயிற்றுக்கிழமை

- 8:00 மணி — முதுகலை மாணவர்களுக்கான ஆராய்ச்சி ஆய்வுரை வாசிப்பு
- 8:30 மணி — குழு கலந்துரையாடல்
- 9:30 மணி — என்னுடைய அறுவை முறை - குறிப்புகளும் நுட்பங்களும்
- 10:30 மணி — குறு விவாதங்கள்
- 11:00 மணி — தொடக்க விழா
- 11:30 மணி — சிறப்பு பொது அமர்வு: சமூகத்திற்கு நமது பங்களிப்பு ஏன்? எப்பொழுது? எப்படி?
- 13:30 மணி — மதிய விருந்து
- 14:00 மணி — விவாத மேடை "செயற்கை நுண்ணறிவு மருத்துவருக்கு உதவியா? தொல்லையா?"
- 15:00 மணி — ஆசானை கேளுங்கள் கேள்வி பதில்
- 16:00 மணி — முதுகலை மாணவர்களுக்கான வினாடி வினா
- 17:00 மணி — செய்முறை பயிலரங்குகள்
- 18:00 மணி — நிறைவு விழா

பதிவுக் கட்டணங்கள்

	முன்வருபவர்கள் ஆகஸ்ட் 15 வரை ரூ	ஆகஸ்ட் 16 முதல் அக்டோபர் 2 வரை ரூ
தமிழ்நாடு எலும்பியல் சங்க (தாஎச) உறுப்பினர்கள்	3500	4000
தாஎச உறுப்பினர் அல்லாதோர்	4000	4500
முதுகலை மாணவர்கள்	3000	3500
கருத்தரங்க நாளன்று	5000	

தங்கும் விடுதியுடன் கூடிய கட்டணம்

ஒரு அறையில் ஒருவர்	பதிவுக்கட்டணம் + 8000
ஒரு அறையில் இருவர்	பதிவுக்கட்டணம் + 4000

முன்பதிவிற்கு விரை செயல் குறியீடை வருடவும்

FOR REGISTRATION

தொடர்புக்கு:

தமிழ் கருத்தரங்க செயலகம்,
K S ஆர்த்தோ கேர் மருத்துவமனை,
34 தியாகி சண்முகா நகர்,
சிங்காநல்லூர், கோவை.
அலைபேசி : 97902 10633, 94426 33111
மின்னஞ்சல்: cbetamilcon2026@gmail.com

FOR PAYMENT

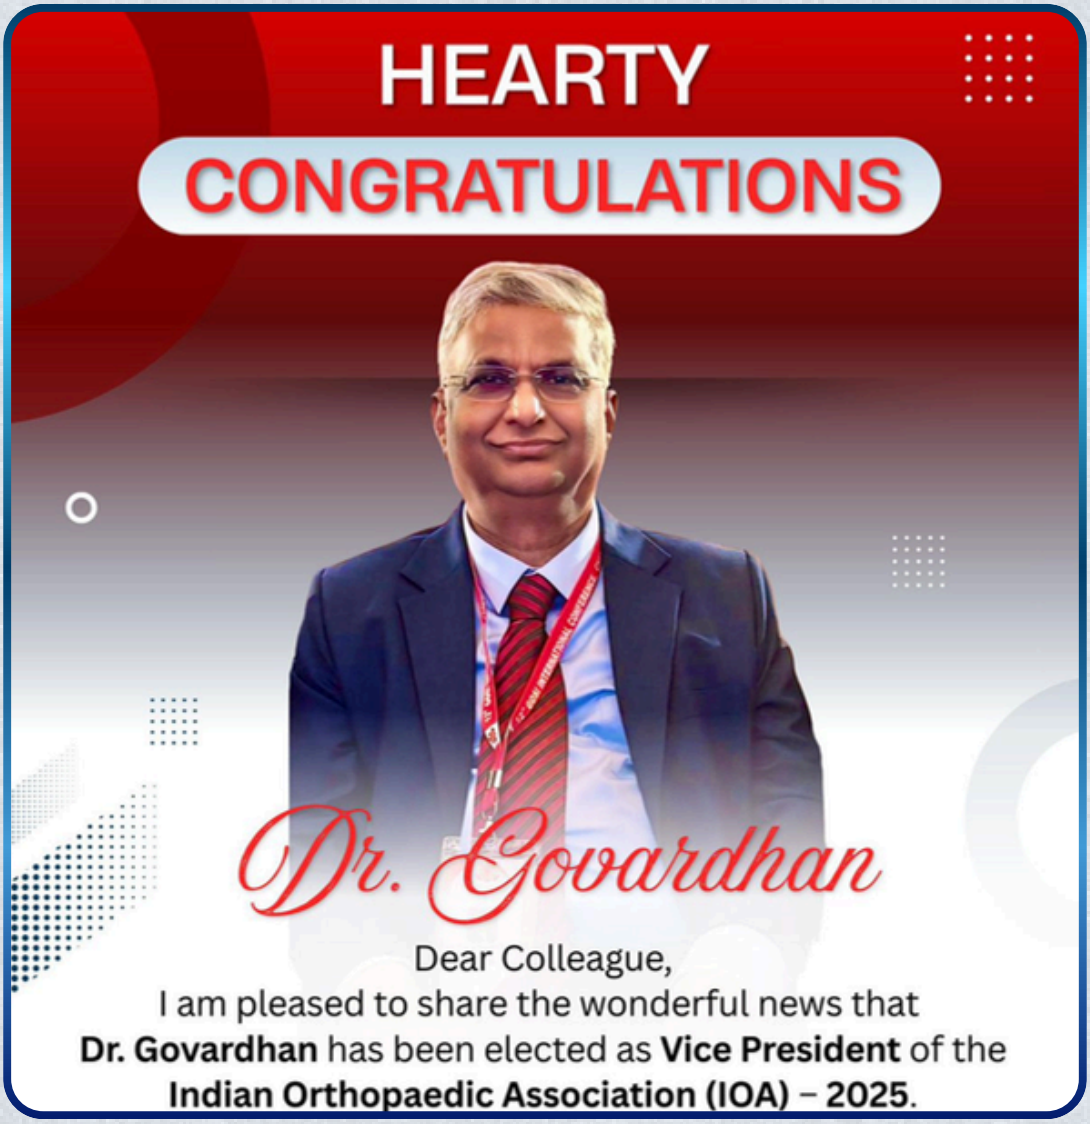

பதிவுக்கட்டணம் செலுத்தும் முறைகள் :

1. காசோலை(Demand draft)அல்லது இணைய வழி (Net transfer)
செலுத்துதலுக்கான வங்கி விபரம் :
Bank: City union bank, Ramnagar, Coimbatore
AC name: Coimbatore Orthopedic society
AC no: 510909010091028
IFSC: CIUB0000034

2. ஒருங்கிணைந்த கட்டண இடைமுகம் (UPI) மூலம் :
2a. UPI ID: EZE0435249@CUB
2b. விரை செயல் குறியீடு

Elevated to Higher Post

Elected as vice president - IOA

Elevated to Higher Post

Dr. S.R.Sundararajan on being elected as the President of the Indian Arthroscopy Society!

Elevated to Higher Post

Dr Dhanasekara Raja - Elected as Joint Secretary of ISHKS

Elevated to Higher Post

Dr Rajkumar Ganesan- President elect of our Indian Arthroplasty Association (IAA)

Achievments of TNOA

AK Gupta trophy 9th time

JOJS Award

Jaypee publisher got second prize for JOJS (Journal of orthopaedics and joint surgery) journals and house magazines printed and published in india

Achievments of Individual Members

Dr.s.Rajasekaran received
“lata Mangeshkar vaidyak – ratna award”

Dr.s.Rajasekaran is appointed chairperson
Elecet of global spine congress (gsc)

Achievments of Individual Members

Post from K.Annamalai

Delighted to have been a part of Rotary Club of Guindy's "Charaka Awardee

youtube.com

Dr. S.R.Sundararajan

Achievments of Individual Members

Dr.G.Mukesh Mohan Best ortho hospital

Dr.Jaikish

Achievments of Individual Members

Dr Dinkar Rai- PSG Hospital Celebration as Best Teacher by Canara bank

Dr.Venkatadas.K- Ganga Hospital Best Alumin award by PSG

Achievments of Individual Members

Dr.T.Satishkumar Fellowship award @ioacon2025

Faculty @AO course

Achievments of Individual Members

Dr.Madhan Jeyaraman

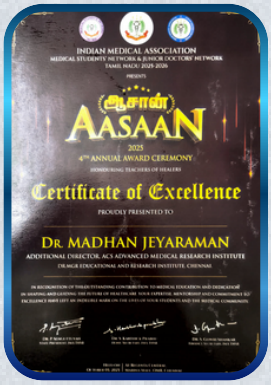

Diploma - Young Medicine - Summer Gathering 2026, Moscow, Russia

Workshop - Adoption of Orthobiologics in Trauma Care - Kolkata Trauma Summit - June 12 to 14, 2026

Aasan 4th Annual award 2025

Achievments of Individual Members

Dr.Madhan Jeyaraman

13th IORACON - 1 & 2 November 2025,
Patna - Orthobiologics in Rheumatology Card

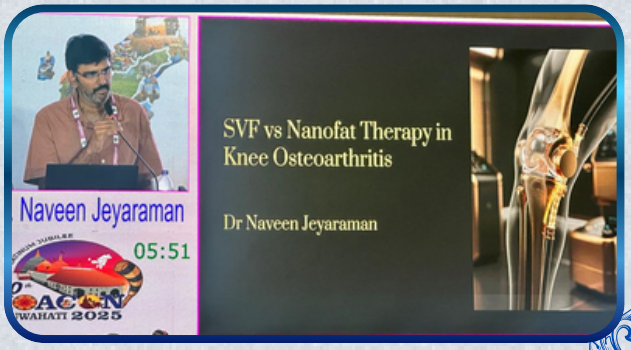

Faculty in POOC 2025, Pune

YOWA 2025 - Young Arthritic Knee,
Bengaluru - 9th Nov 2025

12th GOSICON - 14th to 16th
November Chennai

SVF vs Nanofat therapy in knee
OA - 70th IOACON Guwahati
15th to 20th Dec 2025

Achievments of Individual Members

Dr.Madhan Jeyaraman

Legal aspects of Orthobiologics - 70th IOACON Guwahati 15th to 20th Dec 2025

IJO session - 70th IOACON Guwahati 15th to 20th Dec 2025

Allogenic stem cell in knee OA - Radisson Blu, Egmore on 31st Jan 2026

Pre conference Workshop - AI in Research Writing - 4th Feb 2026 - iMeduCon 2026

Regenerative Principles in Delayed and Non Union of Fractures - APOA 2026 - 04th to 07th Feb 2026, Jaipur

Research Session - TNOACON 2026 Courtallam

Achievments of Individual Members

Dr.Madhan Jeyaraman

Maximum Publication Award in TNOACON 2026, Courtallam

Faculty for Orthobiologics in National Orthopaedics Conference 2026, Ludhiana

Gut Microbiome in MSK - International Professor in Brazilian Institute of Regenerative Medicine, OrthoRegen Congress in March 2026, Recife, Brazil

3rd Delhi Orthobiologics Course - 3rd and 4th May 2026, Delhi

Moscow 2026 PreventMed

Achievments of Individual Members

Dr.Madhan Jeyaraman

IJO Certificate

International Faculty - Orthobiologics and Cartilage Injuries - Arthro Preserve 2026 - 16th and 17th May 2026, Dubai, UAE

ICRS Poland Workshop

Regenerative Principles in ligament injuries - 50th OOACON Puri - 23rd to 25th January 2026

Publications

- A novel arthroscopic repair method for anterior horn of the lateral meniscus horizontal tear with all-suture anchor-
- Variations in functional outcome based on hamstring autograft thickness estimated using transportal technique in arthroscopic acl reconstruction
- Bioabsorbable K-Wire Fixations for Osteochondral Fractures,a promising choice in sports medicine?
- Functional Outcomes and Clinical Insights

International

Venkatesh Saveetha Medical College

- A novel arthroscopic repair method for anterior horn of the lateral meniscus horizontal tear with all-suture anchor-
- Variations in functional outcome based on hamstring autograft thickness estimated using transportal technique in arthroscopic acl reconstruction
- Bioabsorbable K-Wire Fixations for Osteochondral Fractures,a promising choice in sports medicine?
- Functional Outcomes and Clinical Insights

Dr. Sathish Muthu

- Mental Health Problems in Traumatic Spinal Cord Injury Patients - An Umbrella Systematic Review— Global Spine Journal (2026)
- Role of Prophylactic Negative Pressure Wound Therapy in Reducing Surgical-Site Infections in Spine Surgery – A Systematic Review and Meta-Analysis— Global Spine Journal (2026)
- Incidence of C5 palsy in anterior cervical decompression & fusion, posterior cervical decompression & fusion and laminoplasty for degenerative cervical myelopathy systematic review and meta-analysis of 21,231 cases— Asian Spine Journal (2026)
- Artificial intelligence and machine learning based predictive analytics in cervical myelopathy – a scoping review — European Spine Journal (2026)
- Innovative Frontiers in Wound Healing: Integrating Bioengineering, Nanotechnology, and Regenerative Medicine— Stem Cell Biology and Regenerative Medicine (2026)
- Evaluating Large Language Models for Patient-Facing Platelet-Rich Plasma Information in Knee Osteoarthritis: Development and Application of the Composite Clinical Reliability Score (CCRS)— Indian Journal of Orthopaedics (2026)
- The enigma of culture-negative spondylodiscitis: comparable outcomes despite diagnostic uncertainty – a systematic review and meta-analysis — European Spine Journal (2026)
- Comparative CT-Based Bone Density of Traditional Pedicle Screw Trajectory, Cortical Bone Trajectory, and Modified Cortical Bone Trajectory — Radiographic Analysis of 3500 Simulated Pedicle-Screw Trajectories in 1750 Lumbar Vertebrae— Global Spine Journal (2026)

Publications

- How Common is Dysphagia After Anterior Cervical Spine Surgery, What Drives it, and Can it be Prevented? An Umbrella Review of Systematic Evidence— Global Spine Journal (2026)
- Response to Letter to the Editor for "What Is the Evidence Supporting Osteobiologic Use in Revision Anterior Cervical Discectomy and Fusion?" — Global Spine Journal (2026)
- Classifying invasiveness of degenerative lumbar spinal procedures using the minimally invasive spine surgery invasiveness classification MISS-INC— Global Spine Journal (2026)
- 2D vs 3D computer-assisted navigation in thoracolumbar pedicle screw placement: updated systematic review with meta-analysis of comparative clinical studies— Global Spine Journal (2026)
- Thoracolumbar pedicle screws misplacement using 2D computer-assisted navigation: a systematic review and meta-analysis with reported avoidance techniques— Global Spine Journal (2026)
- Patient-reported outcomes measures in degenerative lumbar spondylolisthesis surgery: a systematic review— Global Spine Journal (2026)
- Mental health problems in spinal cord injury patients - an umbrella systematic review— Global Spine Journal (2026)
- Is platelet-rich plasma better than steroids as epidural drug of choice in lumbar disc disease with radiculopathy? Meta-analysis of randomized controlled trials— Experimental Biology and Medicine (2025)
- Framework for Adoption of Enabling Technologies for Improved Outcomes in Spine Surgery— Global Spine Journal (2025)
- Obese Patients Do Not Benefit from Bone Marrow Aspiration Concentrate Injection for Knee Osteoarthritis: A Prospective Cohort Study of 68 Patients— Indian Journal of Orthopaedics (2025)
- Practice preference of revision surgery for recurrent lumbar disc herniation: an international survey of AO spine members — European Spine Journal (2025)
- Prevalence and Impact of Musculoskeletal Occupational Injuries among Orthopedic Surgeons: A Cross-Sectional Study — Indian Journal of Orthopaedics (2025)
- Role of Surgeon Demographic Factors in the Management of L4-5 Grade I Spondylolisthesis: A Survey by the AO Spine Knowledge Forum Degenerative — Global Spine Journal (2025)
- Os odontoideum-induced sudden onset myelopathy following cervical extension injury in an adult—case report on challenges and management with 3D navigation technology— Frontiers in Surgery (2025)
- Musculoskeletal Occupational Injuries among Orthopedic Surgeons: Risk Factors and Insights from a Cross-Sectional Study — J Orthop Case Rep (2025)
- Thermographic Insights into Degenerative Spinal Disorders: Evaluating the Diagnostic Potential of Digital Infrared Thermography Imaging — J Orthop Case Rep (2025)

Publications

Dr. Sathish Muthu

- Variations in quantifying patient reported outcome measures to estimate treatment effect— World J Methodol (2025)
- Subchondral Cellular Density Decreases with Increasing Grade of Cartilage Degeneration in Knee Osteoarthritis - An Ex vivo Histopathological Analysis— J Orthop Case Rep (2025)
- Comparative Efficacy and Safety of Fluoroscopy-guided Caudal Epidural Steroid Injection and Transforaminal Epidural Steroid Injection for Unilateral L5-S1 Paracentral Discogenic Radicular Pain — J Orthop Case Rep (2025)
- Preparation of platelet-rich plasma from human peripheral blood — Journal of Visualized Experiments (2025)
-

Lacertus Syndrome: A Systematic Review and Meta-Analysis

J. Terrence Jose Jerome[1,3] · G. Surendran[1,2] · Thirumagal Kuppusamy[1]

Received: 20 October 2025 / Accepted: 26 May 2026
© Indian Orthopaedics Association 2026

Abstract

Background Lacertus syndrome is a dynamic proximal median nerve compression at the elbow, typically diagnosed clinically due to frequently normal electrodiagnostic findings and overlap with carpal tunnel syndrome. Surgical release has shown favorable outcomes; however, the available evidence remains limited and heterogeneous. This study aimed to systematically synthesize current evidence and quantify postoperative outcomes.

Methods A systematic review was conducted in accordance with PRISMA 2020 guidelines (PROSPERO: CRD420261375852). Original clinical studies evaluating lacertus fibrosus release with postoperative outcomes were included. Primary outcomes were change in Quick Disabilities of the Arm, Shoulder and Hand (QuickDASH) score, immediate intraoperative return of flexor pollicis longus (FPL), flexor digitorum profundus to the index finger (FDP-II), and flexor carpi radialis (FCR) strength, and complications. QuickDASH change was pooled using random-effects models with imputed standard deviations and an assumed pre–post correlation of 0.5. Proportions were pooled for strength recovery and hematoma.

Results Eight studies were included in qualitative synthesis; three clinical cohorts contributed quantitative data. Across two cohorts (n = 167 with paired data), QuickDASH improved by 22.2 points (95% CI 19.5–24.9). Immediate intraoperative return of strength was 98.8% (95% CI 96.7–99.6) across 309 procedures. Postoperative pain and numbness scores were low, and complications were uncommon, with one small self-limited hematoma reported. In the largest cohort, concomitant carpal tunnel syndrome ("double crush") was present in 25.1% of cases.

Conclusions In clinically diagnosed lacertus syndrome, lacertus fibrosus release—performed via mini-open or ultrasound-guided percutaneous techniques—is associated with substantial functional improvement, near-universal immediate intraoperative recovery of strength, and low reported complication rates. These findings should be interpreted in the context of limited observational evidence. The lacertus tetrad was recorded as an exploratory diagnostic enrichment, and prospective validation studies and comparative trials are required.

Level of Evidence Level III (Therapeutic). Systematic review and meta-analysis of observational cohorts/case series with no randomized trials included.

Upper Limb Reconstruction in Arthrogryposis Multiplex Congenita: A Systematic Review

J. Terrence Jose Jerome, FRCS (G), DNB (Ortho),*† G. Surendran, MS Ortho, DNB,‡ K. Thirumagal, MD†

Purpose The goal of this study is to synthesize and critically evaluate nonsurgical and surgical strategies for upper limb reconstruction in arthrogryposis multiplex congenita across the shoulder, elbow, forearm, wrist, and thumb, and to develop an evidence-informed treatment algorithm.

Methods A Preferred Reporting Items for Systematic reviews and Meta-Analyses (PRISMA)-aligned systematic review was conducted using MEDLINE/PubMed from database inception to February 28, 2026, with backward and forward citation tracking. Eligible studies included randomized trials, cohort studies, and case series of at least five patients or limbs reporting upper limb-specific outcomes in arthrogryposis multiplex congenita. Extracted variables included phenotype, intervention, range of motion, functional outcomes, patient-reported outcome measures, radiographic findings, complications, reoperations, and follow-up. Risk of bias was assessed using Risk Of Bias In Non-randomized Studies of Interventions (ROBINS-I)–informed domains.

Results Thirty-two studies met inclusion criteria, representing 412 patients who underwent 589 upper limb procedures. Thirteen joint-specific interventional studies with detailed procedure-linked outcomes formed the basis for structured narrative synthesis and treatment algorithm development. Posterior elbow release consistently improved passive elbow flexion and functional hand-to-mouth reach. Muscle transfer procedures, including latissimus dorsi, pectoralis major, Steindler flexorplasty, and selective triceps transfer, restored clinically meaningful active elbow flexion in selected patients with adequate passive motion and donor strength; however, outcomes depended heavily on donor muscle quality and reconstructive selection. Distal humeral external rotation osteotomy improved hand orientation and bimanual grasp, whereas carpal wedge osteotomy reliably corrected rigid wrist flexion deformity by recentering the wrist into a functional arc. Thumb-in-palm deformity was most effectively addressed using first-web reconstruction and metacarpophalangeal stabilization, with emerging support for severity-based staged reconstruction.

Conclusions Upper limb reconstruction in arthrogryposis multiplex congenita improves functional independence primarily by repositioning joints into usable arcs and selectively restoring active motion. Posterior elbow release and individualized elbow flexion reconstruction procedures, humeral rotational osteotomy, wrist realignment osteotomy, and thumb stabilization represent the most consistently supported strategies, although the evidence remains limited by retrospective designs and heterogeneous outcome reporting. *(J Hand Surg Am. 2026;■(■):1.e1-e14.* *Copyright © 2026 by the American Society for Surgery of the Hand. Management of pediatric distal radius fractures – A systematic review and meta-analysis

J. Terrence Jose Jerome[1,2,*], G. Surendran[1,3], and Thirumagal Kuppusamy[1]

[1] Olympia Hospital & Research Centre, 47, 47A Puthur High Road, Puthur, Trichy, Tamilnadu, India

Received 22 January 2026, Accepted 14 April 2026, Published online 5 June 2026

Abstract – *Background*: Pediatric distal radius fractures are the most common fractures in children. Management of displaced injuries remains controversial because remodeling capacity varies with skeletal maturity, fracture stability, and fracture subtype. Metaphyseal and physeal fractures differ biologically: metaphyseal injuries are primarily threatened by redisplacement, whereas physeal injuries carry risks of growth disturbance and iatrogenic physeal injury. An evidence-based, maturity- and stability-guided framework is required. *Methods*: A PRISMA-compliant systematic review and Meta-analysis was performed using PubMed, Embase, Scopus, Web of Science, and the Cochrane Library (inception–2025). Randomized controlled trials and comparative observational studies of pediatric distal radius fractures (0–18 years) treated with cast or splint immobilization, with or without percutaneous Kirschner-wire fixation, were included. Primary outcomes were redisplacement and secondary intervention for metaphyseal fractures; growth disturbance and physeal complications were evaluated separately for physeal injuries. Secondary outcomes included union, functional recovery, complications, and casting quality. *Results*: Forty-five studies (5,340 patients) were included qualitatively; twelve comparative studies (4 RCTs, 8 observational; 1,455 patients) were analyzed quantitatively (853 cast alone; 602 cast + K-wire). In predominantly metaphyseal fractures, redisplacement occurred in 20–35% after casting versus 0–5% after K-wire fixation (pooled OR 0.10), with reduced secondary intervention (OR 0.15). Union approached 100% and long-term functional outcomes were equivalent. In children with substantial remaining growth, including those <11 years with completely displaced metaphyseal fractures, casting without reduction achieved reliable union and remodeling. For physeal injuries, restoration of physeal alignment and longitudinal growth surveillance were prioritized. Cast length and removable splints demonstrated comparable stability when molding was adequate; casting quality indices were variably predictive. *Conclusions*: Outcomes are excellent when treatment aligns with fracture biology and skeletal maturity. Metaphyseal and physeal injuries require distinct considerations. Nonoperative care – including acceptance of bayonet apposition in young children – is appropriate for many metaphyseal fractures, while K-wire fixation should be selectively reserved for unstable patterns. *Level of evidence*: Level II (Systematic review and meta-analysis of Level I–III studies).

Key words: Pediatric distal radius fracture, Cast immobilization, Closed reduction, Kirschner wire fixation, Redisplacement, Fracture remodeling.

Introduction

Distal radius fractures are the most common pediatric fractures and a major contributor to emergency visits and fracture-clinic follow-up [1–4]. Despite their frequency, management of displaced fractures remains controversial, with variation in acceptable deformity thresholds, indications for reduction, and use of surgical stabilization [5–9]. Although most minimally displaced fractures heal reliably with immobilization, unstable patterns may redisplace early during casting, leading to remanipulation or delayed fixation [10–15].

Treatment decisions are primarily influenced by two biologic modifiers: (1) skeletal maturity–dependent remodeling potential and (2) fracture stability after reduction. Importantly, metaphyseal and physeal fractures differ in both biology and clinical risk profile. Metaphyseal fractures are principally threatened by redisplacement, whereas physeal injuries carry risks of growth disturbance and iatrogenic physeal injury. Predictors of casting failure in metaphyseal fractures include complete displacement, translation >50%, associated ulnar fracture, residual malalignment, and inadequate cast molding [16–20].

Does the Lumbar Paraspinal Muscle Status Have a Role in Predicting Mechanical Complications After Adult Spinal Deformity Surgery?

Abstract

Study design: Retrospective analysis.

Objectives: To assess the role of paraspinal muscle morphology in predicting complications after adult spinal deformity (ASD) surgery.

Materials and Methods: A total of 93 patients who underwent surgery for ASD from 2017 to 2022 were enrolled. Using early postoperative X-ray, they were divided into proportioned (P), moderately proportioned (MP), and severely proportioned (DP) groups based on the Global Alignment and Proportion (GAP) scores. Further, they were classified into two groups: Group A (presence of mechanical complications) and Group B (no mechanical complications). In addition, other parameters including preoperative BMI, smoking status, cross-sectional area (CSA), and grades of paraspinal muscle fatty infiltration (FI) were calculated in all patients using preoperative MRI. These parameters were compared across the groups using a one-way analysis of variance (ANOVA). Post-hoc pairwise testing was done using Bonferroni's method. These were also compared between groups A and B using a 2-sample t-test.

Results: The mean follow-up period was 32.7 months (24-64 months). 27 (29%) of 93 patients developed mechanical complications following ASD surgery. Of the 27 patients, 6 (22.2%) were proportioned, 10 (37%) were from MP and 11 (40.7%) were from the DP group. Group A had low CSA ($P = 0.014$), and high FI ($P = 0.003$) grades compared to group B. Further, 22.2% (6/27) had a history of smoking before surgery (OR = 6.57).

Conclusions: We recommend consideration of preoperative smoking, CSA, and FI of paraspinal muscles in addition to the GAP score to minimize mechanical complications in patients undergoing ASD surgery.

Review article

Understanding and treatment of aseptic femoral shaft nonunion: Biological and mechanical perspectives

Ashok S. Gavaskar

Reja Hospital, Chennai, India

ARTICLE INFO

Keywords:
Femur nonunion
Aseptic nonunion
Exchange nailing
Augmentation plating
Judet osteoperiosteal decortication
Bone grafting

ABSTRACT

Aseptic femoral shaft nonunion remains an uncommon but challenging complication despite union rates exceeding 90% after primary fixation. When nonunion occurs, it is rarely attributable to a single factor and instead reflects a complex interaction between mechanical stability and biological healing capacity, influenced by patient, injury, and surgery related factors. Contemporary understanding increasingly recognises that most aseptic femoral shaft nonunions are mechanically driven, with often preserved biological potential that fails to progress due to an unfavorable mechanical environment.

This narrative review provides a comprehensive and contemporary overview of the evaluation and management of aseptic femoral shaft nonunion, with emphasis on the hierarchy between mechanics and biology. Definitions, classifications, and risk factors are discussed, highlighting the limitations of traditional radiographic classifications and the importance of integrated mechano-biological assessment. Current concepts in understanding femoral nonunion are reviewed, including interfragmentary strain theory and the unified concept of bone healing, underscoring the central role of construct stability in modulating biological response. A structured diagnostic workup is outlined and evidence based surgical techniques are critically appraised.

Alumni of Madras Medical College release *Universal Health Code*

The Hindu Bureau
CHENNAI

About 50 doctors, all alumni of the Madras Medical College, together launched a book *The Universal Health Code*. The book, which is an owner's manual for the human body, was researched and compiled by the doctors and was released at a function held in the city on Tuesday.

Ravi Pachamuthu, chairman of SRM Group, congratulated Vijay C. Bose, joint director and senior consultant, SIMS Hospital, for the effort in producing the book.

'Bane of society'

Mohamed Rela, chairman of Rela Hospital, in his address, said overeating and lack of exercise had become the bane of society. Today, the country stands second to China in terms of food waste, with 780 million tonnes of food being wasted every year, Dr. Rela added.

Mohamed Rela, chairman of Rela Hospital; Ravi Pachamuthu, chairman of SRM Group; cricketer Dinesh Karthik; and TV anchor C. Gopinath at the book launch on Tuesday. S.R. RAGHUNATHAN

Dr. Bose said in a situation where chronic diseases were rising due to bad lifestyle habits, this book would serve as a guide for leading a healthy lifestyle.

Cricketer Dinesh Karthik and television anchor C. Gopinath were present.

MONTHLY CME PROGRAMME

27.TNOACON Medal Winners 2026

S.No	Medal Name	Topic	Winner
1	**TNOA Prof. M. Natarajan Medal** for Trauma	Optimizing Fixation Strategies for Distal Femur Fractures: Nail–Plate Construct Versus Dual Plating	**Dr. Krishnavel Thavasianantham** Parvathy Hospital
2	**TNOA Prof C. Vyageswaradu Medal** for Orthopaedics	Thermal ablation or Biological repair? -Cooled Radiofrequency Ablation (CRFA) Compared with a Single Injection of PRP for Chronic Knee Pain	**Dr. Mohamed Ashik** ESIC Medical college and Hospital, chennai
3	**TNOA Prof. T. K. Shanmugasundaram Medal** for Rural Centers	Reverse PHILOS plating technique through lateral approach A promising alternate technique for ankle arthrodesis in advanced ankle arthritis	**Dr.Baskar Chockalingam** PARVATHY NURSING HOME - Kalakkad
4	**TNOA Prof. A. Subramaniam Medal** for Basic Research in Orthopaedics	An Augmented Reality based Surgical System With Real Time Alignment Feedback and Tool Tracking for Minimally Invasive Spine Surgeries	**Dr. Sudhir Ganesan** SRIHERChennai
5	**TNOA Prof. P. Dhanarajan Medal** for Innovative or Adaptive Trauma Work	From Fixation To Frustration: The Paradox Of Locking Compression Plate Removal	**Prof. S. Veerakumar** Govt Kilpauk Medical College, Chennai
6	**TNOA Prof. Ramanathan Gold Medal** for Consultants	Cement-Augmented Cephalomedullary Nailing in Osteoporotic Trochanteric Fractures: Clinical Stability with Biological Correlation	**Dr. Sivakumar S P** Ganga Medical Centre
7	**TNOA Prof. T. S. Xavier Medal** for Hand Surgery	Hinged Dynamic Distraction Mini-Fixator: A Patient-Centered contemporary technique for neglected unstable Proximal Interphalangeal Joint Fracture Dislocations of hand	**Prof. Makesh Ram Sriraghavan** Periyar Government Hospital,Chennai
8	**TNOA Erode Ortho Club Poster Medal**	A Simple Fall , A Long Journey My worst experience in a pediatric femur fracture	**Dr. M.Navaneetha Krishnan** K.M.C Chennai
9	**TNOA Dr.Vidyashankar Best Poster Medal** (Arthroplasty)	Beyond Constraints- Role of Design in Hinged TKR	**Dr.Keerthana .A** Rex Hospital - Coimbatore
10	**TNOA Prof. K. Sriram Gold medal** for Paediatric Orthopaedics	Outcomes of Foramen Magnum Decompression and Occipito-Cervical Fusion for Craniocervical Pathology in Morquio Syndrome – A Single Center's Experience Over 20 Years	**Dr Kailash Sarathy** Kanchi kamakoti child trust Hospital
11	**TNOA Prof. S. Rajasekaran Gold Medal** for Spine	Development and Application of a Clinico-Radiological Treatment Algorithm for Tandem Spinal Stenosis	**Dr. Rishi M Kanna** Ganga Hospital

27.TNOACON Medal Winners 2026

S.No	Medal Name	Topic	Winner
12	**TNOA Dr.David V. Rajan Gold Medal** for Arthroscopy & Sports Medicine	Arthroscopic medial meniscus posterior root repair	**Dr.Halesh.G.V** Ganga Hospital
13	**TNOA Prof. Mayilvahanan Natarajan Gold Medal** for Orthopaedic Oncology	Wrist Arthrodesis after wide excision of tumours of the distal radius: Is there a superior technique?	**Dr.Raja Bhaskara Rajasekaran** Ganga Medical Centre & Hospitals Pvt. Ltd
14	**TNOA Prof. B. Radhakrishnan Gold Medal** for Foot & Ankle	Ankle Arthrodesis Using aCost-Effective external Fixator Construct 'THE RC FIX'	**Dr.Lokesh.M** Christian Medical College Vellore
15	**TNOA Dr.P. Suryanarayan Gold Medal** for Arthroplasty	Medial Expected Gap (mEG): A Quantitative, Biology-Guided Predictor of Coronal plane Correction and Knee balance in Robotic Functional Alignment Total Knee Arthroplasty	**Dr.Harish Kumar** Rex Hospital
16	**TNOA Best Publication Gold Medal 2025** (Journal of Orthopaedics and Joint Surgery)	Evaluating the Efficacy of Platelet-rich Plasma Therapy in Chronic Plantar Fasciitis: A Prospective study on pain releif and functional improvement	**Dr.T.M.Manohar** Co authors P MageshBabu S.Selvakumar PS Jayaseelan
17	**TNOA Prof. Dr. R. Ramakrishnan Gold Medal** for Best Postgraduate 2025		**Dr.Gokul.S.P** Winner - Ganga Hospital **Dr.Prabhas Ranjan Kumar** Runner - CMC Vellore
18	**TNOA Cholamandalam Ortho PG Research Grant**		**Dr.Madhan.A** Madras Medical College **Dr.Vijay M** Stanley Medical College
19	**TNOA Best Zonal Club Award (Metro)**		**Madras Orthopaedic Society**
20	**TNOA Best Zonal Club Award (Large)**		**Trichy Orthopaedic Society**
21	**TNOA Best Zonal Club Award (Medium)**		**Chengapattu Orthopaedic Society**
22	**TNOA Best Zonal Club Award (Small)**		**Krishnagiri Orthopaedic Society**

TAMILNADU ORTHOPAEDIC ASSOCIATION 2025 - 2026

TNOA President's Theme 2026

"EnrichKnowledge,SkillandEmpower All"

HEARTFELT TRIBUTE TO A GREAT LEADER

DR.A.SAKTHIVEL - LM/S/5
DATE OF BIRTH - 06/12/1946
PASSED AWAY - 18/03/2026
TNOA PAST SECRETARY - 1986 - 1989

Dr A. Sakthivel M.S.Ortho.

With a deep and heavy heart, we mourn the passing of the legendary Dr. Sakthivel
He served a three year term as was the norm those formative years.
He had the fortune of serving under three great leaders, Dr T. S. Xavier, Dr P. V. A. Mohandas, Dr R. Venkatakrishnan.
He had the onerous task of conducting the affairs of the TNOA as early as the 80s.
Dr.A.Sakthivel served as Assistant Professor during 1984 at CMCH
He had one year advanced PG training in Robert Jones & Agnes Hunt Orthopaedic Hospital in Oswestry.
He had a visiting fellowship in Germany
He was a titan in the world of Orthopedics, and his work at KG Hospital changed so many lives for the better, including those of us who had the honor of knowing him.
A true visionary and a compassionate healer, his legacy will continue to inspire generations of surgeons.
TNOA salutes and expresses its heartfelt condolence to his family, friends, colleagues, and Millions of patients whose lives he has touched.

May his soul rest in peace.
With Regards,

Dr.S.R.Sundararajan
President – TNOA

Dr.S.Marimuthu
Honorary Secretary – TNOA
